

LIGHT VOTE CAST IN CITY ELECTION

Much Less Than Half of Votes on
Poll Book Are Cast at 1:30
O'clock This Afternoon.

FIFTH PRECINCT IS SLOW

Only 200 Out of Possible 500 Count-
ed There—Nothing to Inter-
fere With Voting.

BULLETIN

The following vote had been cast
at 3:30 o'clock this afternoon in the
six precincts in the city:

	Cast	Polled
First	162	220
Second	180	205
Third	121	187
Fourth	151	210
Fifth	293	500
Sixth	169	191
total	1076	1513

With very little more than half of
the polled vote cast at one-thirty
o'clock this afternoon, indications
were that an extremely light vote
would be cast in the city election to-
day.

The weather was ideal for voting
and there was nothing to interfere.
Factories closed down all or part of
the day to allow their employees to
vote. Party workers got busy this
afternoon and expected to bring in
many of the voters yet out before the
polls closed at six o'clock.

At one-thirty o'clock the total
vote cast was 845 and the poll books
showed 1,513 eligible to vote.

No matter how many hard licks
were put in this afternoon, there was
very little prospect of the vote
reaching that of four years ago when
1,478 votes were cast for the three
candidates for mayor. The total vote
cast for the three candidates for
clerk the same year was 1,442 and
for treasurer, 1,436. There were
three tickets in the field in 1913—
republican, democratic and pro-
gressive.

The combined vote for mayor in
the city election in 1909 was 1,333
and the vote today will do well to
reach that figure. A great many
soldiers have been recruited from
Rushville, which will cut down the
vote considerably. They are dis-
franchised because there is no In-
diana law which allows them to vote
by mail.

The sixth precinct, the voting
place of which is in A. B. Irvin's
garage, had the largest percentage
of votes in this afternoon when the
voting places were visited. Out of
191 votes polled in the precinct, 152

FORMER RUSH COUNTY WOMAN DIES OF BURNS

Mrs. Lewis Shumway, Born and
Reared at Neff's Corner, Fatally
Burned at Greenfield

GRANDCHILDREN LIVE HERE

The burns received by Mrs. Lewis
Shumway of Greenfield yesterday
morning while burning a pile of leav-
es, caused her death this morning at
her home at about eight o'clock.
Mrs. Shumway is related in this city
and is well known here. The acci-
dent occurred yesterday morning at
eleven o'clock and since that time,
she had been in a critical condition.

Mrs. Shumway was formerly Miss
Amanda Kirk, daughter of Mr. and
Mrs. Henry Kirk, and was born and
reared at Neff's Corner. After her
marriage, she moved to Greenfield.
She is the grandmother of Dora Ed-
wards, Mrs. Andie Moore and Ray
Edwards of this city. The funeral
arrangements have not been com-
pleted.

SEN. WATSON VOTES EARLY

Here Short Time Today After
Speaking at Portland

Senator James E. Watson was
here a short while this morning to
cast his vote. He spoke last even-
ing at Portland, Indiana. A party
of friends met him at Newcastle,
drove him to Portland and also mo-
tored to this city with him this
morning. He went to Indianapolis
this morning and will leave there to-
morrow.

TO RECRUIT THIRTY MEN FOR ARTILLERY

Byron Cowing is Delegated to Raise
Platoon For Regiment Which
State Offers Nation.

DRAFTED MEN MAY ENLIST

Byron Cowing, who attended the
first officers training camp at Fort
Benjamin Harrison, has been dele-
gated to recruit a platoon of thirty
men for the new Second Indiana
Field Artillery, which will be raised
in the state, taken in as a unit of the
Indiana National Guard and then be
placed in the federal service for ac-
tion in France.

Mr. Cowing stated today that a
meeting would be held in the court
house assembly room Thursday
evening at seven-thirty o'clock and
asks that all who are interested in
the formation of the new regiment
to attend.

Any man between the ages of
eighteen and forty-five years is
eligible to enlist if he is not already
certified for service by the county
selection board. This means that
any man who registered can enlist
if steps have not already been taken
to place them in the National Army.
It is said this will likely be the last
opportunity for drafted men to en-
list.

If Mr. Cowing does not succeed in
raising the desired platoon in Rush
county, he will go to Indianapolis
and join one of the batteries there.
The government has agreed to ac-
cept the regiment when it is re-
cruited.

TWO REPORTS HEARD BY WOMAN'S COUNCIL

Miss Anne Straight, Visiting Nurse,
Shows She Spent Most of Time
With Diphtheria Cases

AIDS IN TAKING CULTURES

The reports of the treasurer, Miss
Anna Bohannon, and visiting nurse,
Miss Anne Straight, occupied the
larger part of the business meeting
of the Woman's Council, held in the
directors' room of the Rushville Na-
tional Bank last evening. Thirteen
members of the council were pres-
ent.

Miss Straight's report showed
that the majority of her time during
the past month was used in taking
care of the diphtheria situation. She
has fumigated eight homes and aided
Dr. Coleman in taking the cul-
tures of about 500 school children.
There has been very little illness,
aside from the diphtheria, the report
showed.

The treasurer's report showed a
balance of about sixty dollars in the
treasury for this month.

PROTRACTED MEETING.

A protracted meeting is being con-
ducted at the Christian church in
Arlington with the Rev. G. I. Hoover
of Indianapolis acting as evangelist.
Excellent congregations have been
attending the meetings and great
good is being derived from the ser-
vices. The meetings started last
week and will be conducted through-
out this week and perhaps longer.

CAMPAIGN PLANS ARE EXPLAINED

Township Chairmen Met This After-
noon and Methods to Raise Y. M.
C. A. Fund Are Outlined

ALLOTMENTS ARE ANNOUNCED

Rushville Township Will Subscribe
\$2,400 of \$7,500 for County—
Union Meeting Sunday

Definite plans were made for the
campaign to raise \$7,500 in Rush
county for the army Y. M. C. A. dur-
ing the week of November 11 to 18,
at the meeting of the township chair-
men held in the assembly room of the
court house this afternoon at
2:30. The plans were outlined by T.
M. Green, county chairman for the
work, so that each township would
be managed in a similar manner.
The chairman asked that each town-
ship be divided up by road districts
in order that every farmer would be
reached by the canvasser of that
district.

The chairman of each township is
to have full charge of the raising of
the allotment in that township and
has the power to appoint committees
and canvassers to assist him in the
work. They were also instructed to
work through the schools of the
townships, reaching persons in that
way that might not otherwise be ap-
proached.

The \$7,500 for the county to raise
was appropriated among the town-
ships with the following result: Rip-
ley, \$800; Posey, \$425; Walker, \$425;
Orange, \$350; Anderson, \$800;
Rushville, \$2,400; Jackson, \$350;
Center, \$400; Washington, \$400;
Union, \$425; Noble, \$425; Richland,
\$350. J. Russell Publow was ap-
pointed chairman of Ripley township
in the place of M. F. Lovett, who is
serving on a federal jury.

The campaign here will be opened
with a union meeting on Sunday
evening, November 11, at the Main
street Christian church when a sol-
dier who recently arrived in Indiana
from Hattiesburg, Miss., will give an
address. It is not yet known which
of the five men lately returned from
the camp will speak, but the repu-
tation of each of the men as speak-
ers is excellent.

B. L. Traube, chairman of Rush-
ville township, has appointed the
committee which will solicit funds in
this township and aid in raising the
allotment of \$2,400. The members
appointed on the committee will meet
Friday evening at 7:30 o'clock in the
director's room of the Rush County
National Bank to complete plans for
the campaign. Those appointed
were J. T. Arbuckle, J. O. Hill, L. L.
Allen, Isom Stevens, E. R. Casady,
W. A. Alexander, Hugh Mauzy, Har-
ry Clifford, Cary Jackson and Hor-
atio Havens.

EVANSVILLE TO PAY TRIBUTE TO GRESHAM

Will Hold Mass Meeting Sunday in
Memory of City's First Soldier
to Die in Battle

LEADING MEN WILL SPEAK

(By United Press.)
Evansville, Ind., Nov. 6.—All
Evansville will pay tribute to the
memory of the city's first soldier to
fall in actual combat with the Ger-
mans—James B. Gresham—and his
mother—Mrs. Alice Dodd.

Plans were completed today for
a monster memorial meeting to be
held on Sunday at the city's new
coliseum. The soldier's mother will
attend if she has recovered suffi-
ciently from the shock of her son's
death. Leading officials of the city
and state will speak.

—Harry Osborne of Indianapolis
spent the day here.

FAIR WILL SHOW A SLIGHT DEFICIT

Meetings of Stockholders Will be
Held Saturday to Decide Whe-
ther it Shall be Held

BALANCE OF \$149.21 NOW

But Secretary's Report Shows Bills
Outstanding Which Will More
Than Cover This

A meeting of the stockholders of
the Rush County Fair association
will be held in the court house as-
sembly room Saturday afternoon at
one-thirty o'clock to determine what
the future of the Rush county fair
shall be.

It is said that the future of the
fair is again in the balance and what
shall become of it will be determined
by the stockholders, if there are
enough of them at the meeting to ge
a fair estimate of the wishes of the
majority of the stockholders. An
effort was made to hold a meeting
yesterday afternoon, but not enough
were present to merit transaction of
any business.

The annual report on the las
fair will be read. Although the re-
port of the auditing committee
which is composed of L. Link, Al-
bert Winship and Earl H. Payne
shows a balance of \$149.21, it is
known that the secretary's report
shows there are outstanding bills
which will eat up the balance and
put the fair association further in
debt.

The fair officials had visions of
making the last Rush county fair
pay because it was conducted on a
different basis. Only stockholders
instead of stockholders and their
families as had previously been the
case, were admitted free of charge
at the fair this year and season
tickets were abolished. Because of
these new methods, the revenue of
the fair was greatly increased, but
it was patronized as it should have
been, with the result that it will
show a slight deficit this year.
However, the showing this year is
much better than it has been for
years and has inspired fair officials
to give it another trial.

The fair board and others inter-
ested in the fair believe that it
could be made a paying institution
if the county would levy a tax and
give the association the appropri-
ation to which it is entitled under
the law. That the fair will attempt
to get this appropriation when the
county council meets before the
first of the year to make deficiency
appropriations, seems probable. The
fair has failed repeatedly to ge
such an appropriation.

There is still a disposition on the
part of some persons to sell the
ground and abandon the fair, but
what will be done will be definitely
decided at the stockholders meeting.

The auditing committee has mad
the following report: "To the offi-
cers, directors and stockholders of
the Rush County Agricultural as-
sociation: The auditing committee
has examined the books of the
treasurer and secretary and would
report that the bank book shows
receipts of \$4,572.43 and vouchers
paid, in amount to, \$4,423.22, leav-
ing a cash balance in the bank of
\$149.21."

IS RELIEVED OF HIS OFFICE

Russian Minister of War is Sent to
the Caucasian Front.

Petrograd, Nov. 6.—General Ver-
khovsky was formally relieved of his
office as minister of war. No ex-
planation was made of the change.
He was announced as having de-
parted for the Caucasian front yesterday
and it was then reported that he
would not return. One rumor in cir-
culation here was that he had made
tentative peace offers to Germany
without knowledge of other officials
or the allies.

TO TAKE DIXMUDE RIDGE

Field Marshal Strikes Another Tre-
mendous Blow at Germans

(By United Press.)
London, Nov. 6.—Field Marshal
Haig struck another tremendous
blow at the German lines around
Paschendaele Ridge today. The im-
mediate object of the British drive
in this sector was to capture Dix-
mude Ridge, which is the backbone
of Flanders, and beyond this lies
Rollers, one of the centers in the
German line of communication.

MEETINGS TO SPEED UP HOG PRODUCTION

Six Will be Held in This County
Thursday and Friday, it is
Announced

PURDUE MEN WILL SPEAK

In the interest of Rush county
raising more hogs, six meetings will
be held Thursday and Friday of
his week in different points in the
county. J. B. Morgan of Galves-
ton, Tex., a practical hog raiser, will
give a talk at each of the meetings.
M. F. Dietrick of Ohio will attend
the emergency demonstration agent;
and D. S. Myers of Purdue univer-
sity will take part. The men are all
well informed in this line of work
and the farmers of Rush county
have an unusual opportunity in
hearing them, it is pointed out.

The meetings will be held at the
following places: Thursday at 10 a.
a., George Green farm in Richland
township; 2 p. m., George Looney
Jr., farm near Gings; 7:30 p. m.,
Mays school; Friday morning at 10
a. m., Frank Sample farm in Posey
ownship; 2:30 p. m., Elmer Hutch-
inson farm near Arlington; 7:30 p.
a., Gowdy school house.

The government is having similar
meetings held all over the country
as a result of the Food Production
Act passed August 10. In this
state, this work is in charge of the
extension department of Purdue un-
iversity. The purpose of the meet-
ings is to encourage farmers to
raise more hogs and to give expert
advice on raising them. Mr. Die-
rick, who is emergency demonstra-
tion agent, has charge of Rush and
lancok counties and will remain
here to aid the farmers until a reg-
ular agent is appointed.

M'DANIEL GIVEN ANOTHER CHANCE

Arlington Man is Allowed to Go
Free Today Under Suspended
Sentence of Six Months

NEEDED AT HOME, JUDGE SAYS

Claude McDaniel of Arlington was
given another chance by Judge
Sparks in the circuit court this af-
ternoon.

He now has a suspended sentence
of six months at the state penal
farm hanging over him, which the
court may revoke at any time he
learns of McDaniel's misconduct.

McDaniel was fined \$1 and costs
and given a suspended sentence of
six months at the state penal farm
December 29, 1916, for public in-
toxication. Last Friday he was ar-
rested on an affidavit charging as-
sault and battery on his daughter.
Yesterday McDaniel was arraigned,
the old suspended sentence was re-
voked and Sheriff Cavitt was or-
dered to take him to the penal farm.
It is understood that representations
were made to Judge Sparks which
caused him to decide today to give
McDaniel another chance. He told
the Arlington man he was needed at
home and that he should behave
himself.

WILL BURY DEAD TROOPS IN FRANCE

Military Honors Will be Given First
American Troops to Loose
Their Lives

MEN FIGHT LIKE WILDCATS

First Unit Overcome by a German
Raiding Party Much Superior
In Numbers

With the American Army at the
Front, November 6.—Preparations
were being made today to bury in
France the first American soldiers
to fight and die to make the world
safe for democracy.

Three of them died, four others
suffered wounds, and thirteen are
somewhere behind the German lines.
Every American making ready for
the battle line awarded to them the
supreme commendation that in their
fight they upheld the best traditions
of the American army. They were
outnumbered. The fact that they
fought against overwhelming odds
and were irretrievably cut off from
reinforcements did not deter them
from striking back with all their
power.

In the narrow trenches where
there was no room for rifle shots,
the Americans fought with their
clubbed guns, their bayonets, their
trench knives, their intrenching
spades—even with their hands.
Flares and the sudden glare of ex-
ploding shells showed occasional
snapshots of struggling groups—
one or two American soldiers sur-
rounded by a solid mass of Ger-
mans, a maelstrom of arms and
hands and kicking feet, flashing
bayonets, shouts, muffled yells and
the sounds of pain wrung from the
wounded.

This was the story as survivors
told it. The Americans did not
have a chance against overpower-
ingly superior masses of the enemy.
The fact that they did not have a
chance, did not prevent them from
fighting until they had literally been
smothered by the Germans.

The small American detachment
was in a front line trench. The usual
desultory artillery fire suddenly rolled
to an intense rumble. The enemy
put down a heavy barrage of shells
completely around the single unit.
Then a big party of Germans—Amer-
ican wounded estimate them at 210
in all—suddenly swarmed over the
top.

The German raiding party was
composed of picked and veteran
"shock troops"—specialists in at-

Mistaking Burglar For Son, Woman Tells Him How To Get In; Leaves With \$25

"Tom, the key is over the
the door," said Mrs. Catherine
Horr last night to a man
fumbling at the front door—a
man whom she supposed to be
her son.

Now burglars do not often
get that sort of a reception and
this particular burglar, whether
or not he belonged to the "pro-
fess," must have thought that
the woman of the house was
accommodating to say the least,
to explain to him the way to
get in along the line of the least
resistance.

Accordingly, he took the key
and entered. Later Mrs. Horr
heard a noise again and she
thought it strange that her son
had not come in yet. She
started downstairs, calling to
her son to learn why he was not
yet in the house. A strange
voice answered her from the
outside. She knew it was not
her son's and she aroused the
neighbors. The police were
called and it was found that
the burglar had taken a purse
containing \$25 from a secret
drawer inside the table. He
ransacked several other draw-
ers before finding the money.

FOR FOOD FIT TO FIGHT ON.

Torpedo Boat Destroyer Davis of the U.S. Navy

The Government is just as particular in selection of foods as it is in the choice of men. Fighting spirit, spunk and strength can't be derived from poor foodstuffs. Both men and materials must be the best obtainable.

CALUMET BAKING POWDER

has been selected by the Government for Army and Navy use.

It has been accepted by the Government as meeting the critical requirements necessary in the way of strength and general perfection in purity and wholesomeness.

Calumet Baking Powder proved, by tests, to be acceptable to the Government is surely the most acceptable baking powder for home use—the purest and surest. Use the baking powder that makes foods fit to fight on—fit for your family to grow and work on.

At your Grocer's

The Rush County National Bank

Rushville, Indiana

The Rush County National Bank is giving 12 Gold Medals for the 12 Best Essays on the History of

The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

EMPEROR KARL GOES ACROSS TAGLIAMENTO

This Means German-Austrian Invading Force Has Made Another Breach in Italian Line

ITALIANS ARE RETREATING

(By United Press.)

London, Nov. 6.—A dispatch from Vienna today asserted that Emperor Karl of Austria had crossed the Tagliamento with his troops near Codriopo.

If confirmed this would mean the German-Austrian invading force has made another breach in the line. The Germans have already announced a crossing north of Tinzano.

"We have won the Tagliamento line," declared today's Berlin official statement. "The Italians are retreating between the mountains and the sea."

"The Italians are retreating on a front of nearly 100 miles," the statement asserted.

ITALIANS EVACUATE

(By United Press.)

Rome, Nov. 6.—Italian troops began evacuating part of the mountainous area included in the Tagliamento river line today.

TO CURTAIL CARS.

(By United Press.)

Washington, Nov. 6.—Curtailling in manufacture of pleasure cars and readjustment of the whole automobile industry for war is being planned this afternoon at a meeting of the war industries board with the leaders in the motor world. A shortage in certain kinds of steel and coal makes changes necessary, according to official announcement.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, but lift this out and make him try it.

FORMER RESIDENT OF THIS COUNTY EXPIRES

John W. Fry, at One Time in Harness Business at Raleigh, Dies at Charlottesville

John W. Fry, a former resident of this county, and a veteran of the civil war, is dead at his home in Charlottesville, Hancock county.

Mr. Fry had been in failing health for some time having never recovered from a paralytic stroke he suffered several years ago. It is believed he suffered a light stroke just recently which hastened his death. He is survived by his widow, Caroline Fry and the following children namely, Mary Newkirk, Libbie Moore, Alice Treadway, Daisy Laughlin and Harvey Fry, besides brothers and grandchildren and great-grandchildren leaves many other relatives.

Funeral services will be conducted from his late home in Charlottesville, on Wednesday, November 7th, at ten o'clock and burial will be in the cemetery at Raleigh, this county where a daughter was buried several years ago.

Mr. Fry was at one time in the harness business at Raleigh and his widow was a resident of this county before their marriage. They still have many relatives and friends in this county to mourn his loss.

He was the grandfather of Charles G. Newkirk of this city.

WEALTHY GIRL, SLUM WORKER, IS MISSING

Virginia Foltz, 19, of Newcastle, Pa., Lost Trace of After Going to Cleveland, Ohio.

TWO THEORIES ADVANCED

(By United Press.)

Cleveland, Nov. 6.—Virginia Foltz, president of the First National bank of Newcastle, Pa., came to Cleveland to engage in social settlement work and disappeared, it was learned today.

Miss Foltz arrived here Friday and registered at the Y. W. C. A. as Helen Jones. No trace of her has been found since Saturday.

Two theories are advanced to explain her disappearance. One is that she came to harm through thieves attracted by her jewelry. She carried a valuable watch and diamond ring which appeared to be worth \$400.

The other theory is that she has concealed her identity to follow her ambition as a nurse or social settlement worker without interference of Newcastle friends.

CANADIAN TROOPS GO OVER THE TOP

Another Smashing Blow by Haig Carries Them Beyond and Northwest of Passchendaele

CARRIED BY STORM ATTACK

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With the British Armies, Nov. 6.—The first shot of another smashing blow by Field Marshal Haig early today carried Canadian troops beyond and to the northwest of Passchendaele.

Headquarters advices report the fighting to be unusually bitter, the Germans vigorously contesting every inch of the ridge. Meechee spur was carried by a storming attack, its defenses beaten down by the Canadian troops after violent combat.

COUNTY FUEL MEN TO MEET

(By United Press.)

Indianapolis, Ind., Nov. 6.—All county fuel administrators of Indiana were today called to meet in Indianapolis next Tuesday for a conference with Evans Woollen, state administrator. The meeting will be held in the government building, starting at 1 o'clock.

THURSDAY
NIGHT

Personal Points

—Walter Thomas visited in Indianapolis today on business.
—Fred Arbuckle left this morning for a business visit in Muncie.
—Miss Pearl Coers of Manilla is the guest of Miss Lona Chaney.
—Lafayette Hall of Washington township was a visitor here yesterday.
—Mrs. Mary Starks went to Indianapolis this morning for several days.
—Mercer Whiteman of Milroy was a visitor here this morning enroute to Indianapolis.
—Lawrence Root of Piqua, O., is here for a few days visit with relatives and friends.
—Mr. and Mrs. Allen Blackledge heard Schumann-Heink in Indianapolis last evening.
—C. L. Moore of Kankakee, Ill., visited Mrs. A. A. Reed and George Reed over the week-end.
—Miss Laura Thussler and Miss Bertha Monjar spent today in Indianapolis on business.
—Mrs. Ed Hood and Mrs. William Knecht went to Indianapolis this morning for several days.
—Miss Ida Dixon is spending several days at the home of Mr. and Mrs. James Dill near the city.
—Mrs. Harry Allen VanOsdol of Indianapolis is visiting her parents, Mr. and Mrs. E. A. Lee for a few days.
—Miss Myrtle Foulon who is attending the College of Musical Art in Indianapolis is making a short visit in this city.
—Mr. and Mrs. Wilbur Stiers and daughter, Eleanor, and Miss Chestina Stiers motored to Indianapolis and spent the day.
—Mrs. Harry Emmons and son, Richard, returned to their home in Indianapolis today after a visit with relatives in this city.
—Clement Poston of the Technical Institute at Indianapolis spent Sunday with Mr. and Mrs. Isaac Stevens of Jackson township.
—Mrs. Moses went to Indianapolis this morning from where she will go to Ft. Benjamin Harrison and be the guest of Col. and Mrs. Root.
—Chase Russell returned to Indianapolis this morning, where he is attending Butler College after visiting his parents, Mr. and Mrs. John Russell.
—Mrs. Olive Campbell and daughter, Bertha, have returned to their home in Connersville after a visit with Mr. and Mrs. Fred Boxley of this city.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you
Darken Gray, Faded Hair
with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

PROHIBITION LAW IS NOT VERY SECURE

Liquor Interests Plan to Fight Dry
Statute—Much Depends on
New Justice.

ALONE ON STATUTE BOOKS

(By United Press.)

Indianapolis, Nov. 6.—Of the three most important bills passed by the last legislature—constitutional convention, woman suffrage and prohibition—the dry measure today stood alone on the statute books. And its position didn't seem any too secure, its friends admitted, in view of the past performance of the supreme court. Liquor interests are preparing to bring suit shortly to test the constitutionality of the law. A good deal will depend on the new justice to be appointed to the bench by Gov. Goodrich to succeed Chief Justice Erwin who died recently, it was believed.

Women of the state are preparing to lead the fight for the constitutionality of the law—as they fought for both the suffrage and constitutional convention bills.

IS NEXT TO LARGEST DAY

The treasurer's office reported this afternoon that tax collections on the last day for paying the fall installment of county taxes amounted to \$24,364.15. It is impossible yet to determine how large the delinquent list is because the office force was until late this afternoon figuring out yesterday's collections, but it was estimated it would not be any larger than usual. Yesterday's collections were the biggest of any day of the period except last Friday when the total was more than \$33,000.

AUTONOMY GIVEN FINLAND

Petrograd, Nov. 6.—Full autonomy for Finland was agreed upon by the Russian provisional government and Finnish representatives today. Finland will have a republican government with its own legislative and executive institutions. But Russia is to control its relations, it was asserted.

—Mrs. Erle Hamilton of Kingston is here for a weeks visit with her parents, Mr. and Mrs. Grant Gregg.

—Mrs. Harrell returned to her home in Brookville today after visiting her daughter, Mrs. Edna Rockefeller.

—Robert Helm returned to Oxford, O., today, where he is attending school after a several days visit with Mr. and Mrs. George Helm.

—Mrs. Rachel Jones returned to her home in Chicago this morning after a visit with relatives in this city. She was accompanied home by Mrs. T. M. Friend, who will make an extended visit.

—Mrs. Fannie Ridenbaugh left this morning for St. Louis and other points in Missouri where she will visit relatives. Mrs. Margaret Brown accompanied her as far as St. Louis for a visit with relatives.

—Mrs. Raymond Hargrove visited in Indianapolis today and attended the thirty-sixth annual meeting of the Woman's Foreign Missionary society of the M. E. church of the Indiana conference. Mrs. John Jordan and Mrs. J. F. Miller will attend tomorrow.

—Corporal Leslie McKay of the United States Marines, who is stationed at Quantico, Va., is visiting relatives in this county while home on a furlough. He visited in Rushville today with his uncle, George Tardesty. Corporal McKay's home is in Shelbyville and he only recently returned from a long stay in the West Indies.

MITCHELL VICTORY IS CLAIMED TODAY

Fusion Leaders See Favorable Signs
From Reports of Vote Cast in
New York.

OTHER CANDIDATES HOPEFUL

(By United Press.)

New York, Nov. 6.—Fusion leaders claimed to see favorable signs for the re-election of Mayor Mitchell from reports of the vote as it was being cast up to noon today in New York's mayoralty.

A heavy early uptown vote coupled with a corresponding light turnout on the east side in the Tammany stronghold was interpreted by Mitchell's supporters as being very favorable.

As John Hyland, the democratic candidate, cast his ballot however, he expressed the utmost confidence and at Tammany Hall Hylands election was confidently forecasted by a safe majority. A heavy vote in Brooklyn was regarded as favorable by the republicans backing William M. Bennett. The socialists reiterated their claims their candidate would poll at least 200,000, insuring his re-election.

Little disorder had marked the election up to an early hour this afternoon. At suffrage headquarters it was stated that reports of a heavy vote upstate gave promise of success for the fight to give women the ballot in this state.

LIGHT VOTE IS CAST IN THE CITY ELECTION

Continued From Page 1

had been cast at one-thirty o'clock.

The fifth precinct had the lowest percentage of votes in, much less than half of the number polled being cast shortly after one o'clock. There are approximately five hundred eligible to vote in that precinct and only two hundred had been cast. The fifth precinct is the one in

JAPAN AND AMERICA IN FORMAL AGREEMENT

United States Agrees to Recognize
Special Interests of Her Ally
in China

WAS SIGNED ON NOVEMBER 4

(By ROBERT J. BENDER.)

Washington, Nov. 6.—America and Japan have entered into a formal agreement it was officially announced today. Ishii, head of the Japan mission in the United States and Secretary of State Lansing signed the agreement, Nov. 4, by which the United States recognized Japan's special interests in China and under which Japan and the United States reaffirm the "open door" policy in China.

In the announcement of the agreement today, Secretary Lansing indicated that a more serious situation was developing between the two countries. Ishii asserted that the purpose of his mission to this country was to seek closer relations between Japan and the United States and to settle questions between the two countries pertaining to the far east. There has unquestionably been a feeling growing up in regard to the activities of other countries in the far east, a feeling promising to develop in a serious situation.

which most of the factory men live and is about the only doubtful precinct in the city. It is very nearly possible to estimate about how the vote will stand in the other precincts. A small vote in the uncertain fifth precinct was looked upon by republicans as a hopeful sign. Even though republican candidates felt certain of election, they were sure that with a draw in the fifth, they could win handily.

The first precinct, with voting place at the Catholic church hall, had 120 votes in at one o'clock with

PROHIBITION OF CERTAIN IMPORTS

Presidential Proclamation is Ex-
pected to Stop The Outflow of
American Gold

IS AUTHORIZED BY LAW

(By United Press.)

Washington, Nov. 6.—Prohibition of certain imports in order to stop further the outflow of American gold is imminent.

President Wilson, it is understood, will shortly issue a proclamation prohibiting corn imports and curtailing others. A desire to keep gold in the United States and concentrate on indispensable commerce is the purpose of the import control authorized in the trading with the enemy act and which will be administered by the war trade board co-operating with the secretary of the treasury.

220 on the poll books.

The second precinct had 154 votes cast out of 205 polled about fifteen minutes after one. Workers in this precinct, which voted at the court house assembly room, hoped to get in thirty-five or forty votes this afternoon.

The third precinct, with voting place at J. Q. Thomas' law office, had a record of 95 casting their ballots out of 187 on the poll books eligible to vote.

The fourth precinct, which voted back of John A. Spurrier's music store, had 124 votes in out of 210 polled about one-twenty o'clock.

WIN BLOODLESS VICTORY.

(By United Press.)

Paris, Nov. 6.—The French won a bloodless victory when the Germans retreated over the Ladies Highway, the Oise and Aisne canal on the west and Carbdny on the east. Advancing French found that the Germans had blown up all of the bridges.

FIVE ARE KILLED IN MUNITION PLANT

Forty-seven Are Injured and Two
Missing as Result of Plot to
Destroy Plant.

NEW KENSINGTON EVACUATED

(By United Press.)

New Kensington, Pa., Nov. 6.—Simultaneous explosions in several sections of the plant of the Aluminum Company of America here yesterday caused death and injury among the employees and started a fire which threatened to destroy the building. Reports state that five are dead, and forty-seven injured and two missing.

Officials believe there was a plot to destroy the plant. Fire burst out at several points where the explosions occurred and spread rapidly.

As the flames spread, the explosion of 180,000 pounds of illuminating powder became imminent and the whole town was evacuated. There was no means of fighting the fire because water itself would cause the bronze powder stored in buildings to explode. The loss is estimated at \$300,000.

Doctors Agree On Eczema Remedy

Confirm the Statements About
D. D. D. Prescription

Geo. T. Richardson, M. D.: "In my opinion, D. D. D. should be applied in all cases of skin disease—an immediate relief to the itch, a calm to excited nerves, soft, soothing, yet a powerful agent, a strength to the general system."
Dr. Unns Holmes: "D. D. D. is as near a specific for eczema and the dreaded peborials as is quinine for malaria. I constantly prescribe D. D. D. also for salt rheum, tetter, barber's itch, pimples, all forms of itching eruptions, scales, sores."
Dr. Ira T. Gabbert: "I freely admit that D. D. D. reaches most cases of eczema and permanently cures them."
Dr. Gabbert of Caldwell, Kansas, is one of the best skin specialists in the state. Write and ask him about D. D. D.
Druggists are glad to recommend this soothing, cooling liquid. 25c, 50c and \$1.00. Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only. PITMAN & WILSON, and leading druggists everywhere. Rushville, Ind.—(Adv.)

The Meat Question

The present exorbitant prices of meat, together with the reported scarcity of hogs and cattle, should cause the farmers of this country some concern for the future. True the scarcity is not so great in this country as in others, but on the other hand our export demands are inordinantly heavy. It is estimated that since the war began there has been a decrease in the world's meat producing animals of 115,000,000 head. This has had its logical effect.

Taken all around, this country has increased its supply of meat producing animals; but, as we have stated, the demand on us has also increased many times. Exports of meat from this country are nearly three times as large now as during the period immediately preceding the war.

Now it is perfectly evident that if we are to continue to meet the heavy demand upon our resources we will be compelled to conserve the source of supply. In plain words, we must bend our energies to breeding more live stock of all kinds.

The feeding season is close at hand, and the farmers and stock growers will soon begin to sort out the stock that is to go to the slaughter. In this sorting, care should be taken that all likely females be saved. With the present high prices, the temptation will be great to let many of them go; this temptation should be resisted. Each man should study for the future, and do his best to keep up the available supply. During the past two or three years many good breeding animals have been sacrificed that, if kept, would now put their owners on easy street. All authorities agree that there is absolutely no danger of prices falling to any great extent for some years to come, so that each grower should plan to get the most increase possible out of all his animals.

Another ruinous practice that should be stopped, by law if necessary, is the practice of slaughtering very young animals, particularly calves and lambs. The waste of material is too great to be countenanced under present conditions. If all the calves, pigs and lambs in this country are allowed to grow to maturity it will go a long way toward remedying the present great shortage.

But above all things do not destroy the source of supply—the females. Intelligent attention to this detail is absolutely necessary if our meat supply is to be kept up to the great demand that will continue to be made upon it for some time to come.

The coal speculators are forced to admit that the future looks "dark."

Case Against Rats and Mice

Rats and mice are among the worst animal pests in the world, according to biologists of the U. S. Department of Agriculture.

From their home among filth they visit dwellings and storerooms to pollute and destroy human food.

The rat carries bubonic plague and many other diseases fatal to man and has no doubt been responsible for more untimely deaths among human beings than all wars of history.

In the United States rats and mice destroy each year in homes, factories, stores, and warehouses, in cars and on ships, crops, poultry, and other property valued at more than \$200,000,000—an amount equivalent to the gross earnings of an army of 200,000 men.

Grain, eaten and wasted by rats and mice on many farms, would pay all the farmer's taxes.

Rats and mice breed from 6 to 10 times a year, producing their destructive kind at an alarming rate.

They are parasites without a single redeeming characteristic.

The country has little sympathy to waste on the speculators who were holding corn for \$2.50. The recent slump of corn from \$2.25 to \$1.25 was a just retribution. Nothing but a corn famine could ever justify \$2.50 corn.

The proposal that the government take 65% of all incomes over \$1,000,000 hasn't produced a ripple of excitement in this office.

That Papal dove of peace seems doomed to return to the ark. It has found nowhere to alight.

Will Mr. Hoover be known as the man who took the "future out of futures?"

Glenwood

Orlando Nichols and Karl DeHaven of Connersville went to Fort Payne, Ala. via the Cincinnati Southern. Mr. Nichols brother, Lew lives there and has been an invalid for quite a while. They remained a week visiting relatives.

Dr. and Mrs. J. E. Walther and son Joseph were entertained at dinner Sunday by Mr. and Mrs. Jesse Morris, living near Gings.

Mr. and Mrs. A. P. Reynolds and family entertained at dinner Sunday, Mr. and Mrs. John Lindale and Miss Macy.

The Rev. Mr. Reed of Morristown and the Rev. Mr. French of Glenwood exchanged pulpits Sunday in order that they could make a better plea for the Moores Hill College relocation fund. A large number were present to hear Rev. Mr. Reed talk of what has been done for this movement. Only five persons attended college from Evansville, the Rev. Mr. Reed said; Old Trinity church at Evansville has subscribed \$125,000 to this fund and the other citizens have given \$500,000.

Mr. and Mrs. Everett Stevens and children were entertained by Mrs. Kate Mapes Sunday at dinner.

Dr. Osborne of Ft. Benjamin Harrison says he will not return any more for quite a while as he either goes west or east from the fort.

The three camps of the P. O. S. of A. of Connersville, Rushville and Glenwood will have a joint session on the evening of November 9.

Mr. and Mrs. Earl Ruff and family have moved into their new bungalow on the south side.

Mrs. S. D. Turner, who suffered a paralytic stroke, has improved and the nurse has been dismissed.

Miss Edna Link has gone to Greenfield to stay with her aunt, Mrs. Nellie Weaver.

Miss Pauline Link has gone to live with Mr. and Mrs. Cliff Wines at Connersville.

James P. Cully of near Connersville was a guest at his daughter, Mrs. Pearl Wright, Sunday.

The usual services were held at the United Presbyterian church on Sunday afternoon.

Zella Williams will move into his residence, lately purchased from Earl B. Ruff.

Frank Murphy has received a carload of West Virginia coal.

The farmers are up against a problem that they can hardly solve. The corn is soft and they are afraid

to feed it to hogs, so the only thing to do is to sell it to the government.

Mrs. Everett Clifford and son Everett, Jr. of Converse, Ind. visited with her mother, Mrs. Jeffry, Sunday. Professor Clifford is superintendent of the Converse schools and was attending a convention of the state teachers in Indianapolis.

Professor Ralph Peck was in attendance at the State Teachers association at Indianapolis, Thursday.

Mr. and Mrs. Jones of Center township were the guests of Mrs. Ralph Peck Sunday.

Our coal will sell about one ton to each purchaser.

BRITISH TAKE PRISONER

Bosche Is Captured and Given Cigarettes to Recuperate

London, Oct. 12, (By Mail)—This is the way a British tank crew took a prisoner. "Our tank mired down in the mud between the lines" said the Lieutenant "and we skipped out into a nearby abandoned trench. We saw a Fritz wandering around all alone, apparently dazed, and yelled to him to come in. There was such

a row of the guns he couldn't hear so one of the men went out to bring him in out of danger. He was in an awful state—trembling all over—but we gave him some cigarettes and he bucked up.

ELECTIONS HELD IN TWELVE STATES

Interest Centers in New York Where Woman's Suffrage is the Main Issue For Voters

QUESTIONS IN OTHER STATES

Indiana and Michigan Have City Elections Only—Prohibition in Some States

(By United Press.)

New York, Nov. 6.—With elections being held in twelve states today, interest centers in New York where the question of equal suffrage for women is before the people, and where Mayor John Purroy Mitchel, after being defeated in the primaries by William Bennett, republican nominee refused to withdraw from the race and is running on the fusion ticket for re-election.

The whirlwind campaign waged by the State Woman's Suffrage organization surprised New York political leaders, many of whom predicted the Empire state will today swing into the equal suffrage column. The suffrage campaign has been one of the most intense, and it has been said, best managed campaigns in the history of the state.

The mayoralty fight has been most bitter. Mayor Mitchel early in the campaign, practically ignored Bennett, the republican nominee, centering his political fire on John F. Hylan, democratic and Tammany candidate and Morris Hillquit, Socialist nominee.

In his speech of the campaign Major Mitchell injected the war and Americanism issue into his fight on Hylan. He has based his fight on Hillquit on the latter's associations with the alleged pro-German wing of the Socialist party.

Mitchel's opponents have charged him with extravagance in office and alleged corporation affiliations.

The biggest fight in Pennsylvania is the Philadelphia municipal election. Here the new Independent Town Meeting Party is after the Yare Republican machine on the issue of the scandal disclosed in the recent fifth ward murder. In Pittsburgh, where a mayor is to be chosen, Senator Penrose and Yare are fighting it out along the same lines.

Other state and city elections include:

New Jersey: The entire assembly and county officers and seven state senators are to be elected. Local interest only.

Ohio: In addition to the liquor fight, Ohio will also vote a referendum on a Presidential suffrage law.

Texas: Local option elections.

Illinois: Judicial and some city elections.

Indiana: City elections only.

Michigan: City elections only.

Virginia: Governor and practically all state officers.

California: City elections only. On November 20, Los Angeles will vote on a city ordinance to oust saloons and stop the sale of distilled liquors.

New Mexico: Prohibition pending.

Connecticut: A special election to fill the place in congress of the late Representative E. J. Hill.

Massachusetts: Full state ticket to be elected. Also a successor to Representative Augustus P. Gardner who resigned to enter the army.

PROHIBITION AND SUFFRAGE IN OHIO

Voters Are Deciding These Two Issues at the Polls Today, Each Having Been in Courts.

TO MAKE THE STATE BONE DRY

Leading Dry Workers of United States Tour Every Cross Roads During Campaign.

(By United Press.)

Columbus, O., Nov. 6.—Prohibition and suffrage.

Ohio voters today are deciding these two issues, each having had its share of limelight in courts and on the stumps this fall.

Heavy voting was predicted. Wets, drys, suffragists and anti-suffragists claimed victories.

The campaign to make Ohio bone dry was carried on this season with the same vigor as was displayed by anti-saloon league forces in 1915. That year the drys lost to the wets by a plurality of 55,000.

William Jennings Bryan, Richmond P. Hobson, J. Frank Hanly and other dry leaders, toured city and hamlet during the closing days of the campaign. Wets, too, made a strong drive with the oratory and ads.

Both wet and dry leaders made strong pleas to Ohio soldiers stationed at Camp Sherman, Chillicothe, Camp Sheridan, Montgomery, Ala., and Ft. Benjamin Harrison, Indiana. Under the absent voters law of Ohio, these soldiers are entitled to the ballot.

Through legislative action last winter, Ohio women were granted the right to vote for presidential electors. Anti-suffragists secured the necessary number of signatures for a referendum on the law.

In his campaign, Bryan openly accused the liquor interests with first attempting to block passage of the suffrage law when up for voting in the legislature and charged that the wets were behind the referendum petitions against the law. Suffragists filed a petition contesting the validity of referendum signatures but it was filed after the 60-day limitation before election day and a decision could not be made. Much interest was centered in Columbus today where women will cast their first ballot on municipal affairs.

RUSHVILLE TO PLAY MORRISTOWN QUINTET

Game Scheduled For Last Week But Cancelled Will Take Place at Graham Annex

CONNERSVILLE HERE FRIDAY

The Morristown and Rushville high school basketball teams will play at the Graham Annex gymnasium tonight at 7:30 o'clock. This is the first game of the season for the local five. The diphtheria epidemic first interfered with the schedule and then when the quintet was ready to play Morristown last week, that team cancelled because one of its players died. The game scheduled for last week will be played tonight. Morristown has had several games this year and Rushville is expecting a stiff game because the team has had very little practice and has not played a game. The first game of the regular schedule will be played Friday night with Connorsville here.

Rushville will line up as follows tonight: Norman Reed and Hubert Alexander, guards; John Tompkins, center; Halbert Brown and John Keating, forwards. Harold Perkins is substitute. Ogden plays regularly at center, but was injured in practice last night and will be unable to play.

FOOD EMBARGO

(By United Press.)

Pittsburg, Nov. 6.—The Pennsylvania railway's embargo on shipments of potatoes, cabbage and perishable foodstuff to the Pittsburg market was forced by refusal of consignees to permit unloading of cars here. Eight hundred cars of foodstuffs now clutter sidings between here and Buffalo, according to railroad officials.

Wear Recognized Styles

There is a great contentment in the knowledge that the shoes one wears—and nowadays it's the shoes that are noticed first of all by our friends—have Dame Fashion's stamp of approval.

EVERYONE OF OUR SHOES HAS THE STAMP OF APPROVAL

When you step out among your friends, therefore, wearing a pair of our newest Fall shoes, you will have that peace of mind which comes from knowing that your feet are clad correctly.

WEAR RECOGNIZED STYLES THIS FALL AND WINTER — YES, ALL THE TIME.

WINSHIP and DENNING

ATTENTION! Farmers and Feeders

The RUSH CO. MILL is running day and night for the Government. Feed is stocking up on us and we will make special prices to Feeders in ton lots and up. We have the best Mill Feeds on the market and feeders had better take advantage of this opportunity and lay in a good supply, as it will be impossible to buy Mill Feeds next spring.

We are in the market for Old White Corn at a fancy price. Will also be in the market for all the New White Corn in Rush County at a premium.

We also want to buy your Baled Hay and Straw.

We are still paying \$2.08 for No. 2 Wheat.

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

The Black Silk Stove Polish for silverware, nickel-ware or brass. It works equally well, leaving a brilliant surface. It has no equal for use on automobiles.

SOCIETY

Edited by Miss Katherine Hitt.

Plans are moving forward for the all day rally to be held at the Main Street Christian church tomorrow for the churches of the tenth district. Mrs. O. H. Griest, state president of C. W. B. M., Mrs. Lida Pearce of Indianapolis, Mrs. Ellie K. Payne and other prominent state workers are to be here for the meeting and give addresses. Another interesting feature will be the short talks to be given by each of the society presidents. A basket dinner will be served at noon and a large attendance is hoped for.

Mrs. Carlton Chaney entertained with a surprise party Saturday evening at her home east of this city, honoring the forty-fifth birthday of her husband and also in honor of their twenty-first wedding anniversary. The affair was in the form of

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

an oyster stew and euchre party. The guests from a distance were Mr. and Mrs. Herman Aber and family and Mr. and Mrs. Charles Massy and family of Connersville, Mr. and Mrs. William Coers and family of Manilla.

Mrs. Raymond Hargrove, Mrs. John Jordan and the Rev. Clyde S. Black of this city will attend the convention of the Home Missionary society of the Methodist church, held at the East Tenth Street Methodist church in Indianapolis. Mrs. Thirkild, president of the society, and wife of Bishop Thirkild will be the principal speaker today. The convention will continue for several days.

The Young Married Peoples classes of the Plum Creek Christian church were delightfully entertained Saturday evening at the home of Mr. and Mrs. Justus Rees, east of Gings. The usual social time was enjoyed and the hostess and her assistant, Mrs. Homer Hall, served refreshments. Clever contests and games were engaged in during the evening.

The Woman's Foreign Missionary society of the St. Paul's M. E. church, which was to have met tomorrow afternoon has been postponed until next Wednesday afternoon, Nov. 14.

The meeting of the Monday Circle held at the home of Mrs. L. Allen yesterday afternoon was unusually interesting. In her paper on "Architecture in France," Mrs. Beale dealt particularly with the chateau of this country. Following the paper Mrs. Robert Mansfield, who the ladies are glad this year to welcome back as a member of the Monday Circle, gave a most interesting talk on the chateau as she had seen them during her residence in France. Mrs. T. M. Green spoke of the "Poetry and Drama of England" in her paper and compared the writers of the Renaissance period to the writers of today, the new Renaissance. The entire program dealt with the period of the Renaissance.

Practically all of the members of the Circle were present. They are anticipating with pleasure the first lecture Mrs. Brown is to give before the Circle November nineteenth, at the home of Mrs. E. B. Thomas. Mrs. Brown is to speak on "Ladies of the Renaissance." It is to be a meeting without guests.

Among the pretty social activities given this week, complimentary to the Misses Erma Wilk and Dorothy Thomas, whose weddings will take place Saturday, was an informal knitting party given last evening by Miss Wanda Wyatt at her home in North Main street. Cut flowers were used to adorn the home in honor of the occasion and wall pockets of chrysanthemums were used in profusion. Late in the evening the hostess served a course luncheon.

There will be no surgical dressing class at the Red Cross headquarters tomorrow due to the fact that the Masons will use the dining room of their temple tomorrow evening and it is here that the class is conducted. The class will meet as usual on Friday.

Mr. and Mrs. Ernest Duke entertained at dinner Sunday when the guests were Mr. and Mrs. John Geran, the Misses Leah and Inez Geran and Raymond Shanks of near Greensburg and Mr. and Mrs. W. M. William of Holton, Ind.

Mrs. Earl Moore entertained the members of the Tri Kappa last evening at her home in North Harrison street. The meeting was for the purpose of sewing and knitting for the Red Cross. The next meeting will be in two weeks.

Mrs. Norman Crum will entertain the members of the Loyal Daughters class of the Christian church this evening at her home in West Seventh street. All of the girls are urged to some prepared to sew for the Red Cross.

Mr. and Mrs. Forrest Webb of south of this city and Miss Marie Brown of Manilla were the guests of honor Sunday at a dinner given by Mr. and Mrs. Arnold Orme and family at their home in West Fifth street Sunday.

The Ladies Aid society of the Catholic church will meet Thursday afternoon with Mrs. Philip Heeb at her home in Buena Vista Avenue. Mrs. Catherine Horr will be the assistant hostess.

The opening dance of the season

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

FASHIONS DON'T STOP AT CUT OF COAT OR SHAPE OF HAT

By MARGARET MASON

Where's Gwendolin and Ermentrude Mehitable, Sabina? Where's Araminta, Merri-belle And likewise Clementina?

They are the fussy names of yore. The fashion's change 'tis plain. For now the very smartest names are Ann, Sue, Betty Jane.

New York, Nov. 6.—Changing fashions don't stop at the cut of your coat or the shape of your hat. No indeed they invade the sanctity of the home and dictate the style of your furniture and the color of your curtains, the size of your calling cards and the monogram on your stationery. Even your real name isn't safe from the meddling of the mode.

There are a few women who object to changing their last name for a husband's but I have yet to see a woman who rebelled at changing her first name if it didn't conform to the prevailing mode.

There are period names just as there is period furniture and you can almost figure out a woman's real age by her name if she isn't smart enough to furbish it up a bit and make it over to suit the present day styles.

In our Grandmother's day a female was hopelessly without the fashionable pale unless her name boasted at least three syllables. Then there was the era when you were lost unless you possessed at least two cognomens like Eliza Jane or Mehitable Anne or Henrietta Hester.

Bessies, Jennies, Fannies, Annes, Susies, Birdies, Nellies and Nan-nie had an awful (and I use awful advisedly) vogue about thirty-five years ago and in more recent years we are called but not chosen perhaps as Geraldine, Gwendolin, Ernestine, Albertina, Georgiana, Evelyn, Evangeline and Isabella.

Clarissa, Araminta, Arrabella, Sophia, Euphemia and Clementina flourished midst Victorian crewel work, porcelain cats and china dogs, and although we have swung around

for the Knights of Pythias will be given in their hall on Thursday evening. Sherman's three piece orchestra will play for the party.

The Willing Workers of the Orange Christian church will have an all day meeting on Thursday at the home of Mrs. Kate Bowen. The ladies will sew for the Red Cross aside from having the regular meeting during the day.

The Circle of the Methodist church of Orange will have the regular meeting on Thursday afternoon of this week at the home of Mrs. Harvey Arnold.

Mrs. John Jordan will entertain the members of her Sunday school class of the St. Paul M. E. church this evening at her home, 916 North Main street.

The teachers of the First Presbyterian church will have their regular meeting in the parlors of the church this evening at 7:30.

Days Pickings

The Connersville high school defeated the Milroy high school basketball team at Connersville Saturday night, 40 to 37. Connersville has won all three games played this season.

Charles Frazier, a driver for the American Express company, has received word of his promotion to train messenger on the main division of the C. C. C. & St. L. railroad between Cincinnati and Chicago. His duties will start tomorrow and Dan Hughes will accept the position as driver for the company here.

Mr. and Mrs. L. B. Osborne received a telegram today that their son Fred, who is a member of the Infantry of the 139th Heavy Field Artillery at Camp Shelby, Miss., is critically ill with spinal meningitis. He enlisted here in the sanitary detachment of the Fourth Indiana, which was later transferred to the present unit.

HOOSIER BRAND TYPEWRITER RIBBONS, 50c. Sold by Louis Hiner.

to a fashionable passion for those Victorian knick knacks, we haven't gone so far as to work up enough enthusiasm to take back the Victorian names.

Rather we have gone back to the plain name of the one syllable period, and all the brand new infants of my acquaintance have been duly dubbed Ann, Jane, Susan, Betty, Nancy, Sally and Nell, while three have succumbed to the predelection for two to one with the quaintly euphonious cognomens of Betty Jane, Polly Ann and Mary Ellen.

Age has withered and customs staled the infinite variety of floral names so that Lily, Rose, Pansy, Myrtle, Ivy, Fern, Violet, Mayblossom and Daisy are forced to smell as sweet by any other name if they would be fashionable.

Gems of thought for names, such as Pearl, Ruby, Opal, Jewel and Diamond have been put away into the jewel casket of discard and Faith, Hope, Charity, Joy, Delight, Patience, Constance, Prudence, are now found only in the family Bible—that is of course if you can find it.

In Inez Haynes Irwin's newest book "The Lady of Kingdoms," one of the Characters, whose rightful name is Eliza, smartly spells it backwards and thereby revels in the up-to-date handle of Azile.

I know a fashionable woman who has successively rung all the changes on her name through the different name periods from her infancy up to maturity. She has been successfully and fashionably Jane, Jennie, Janet and now is content to relapse again modishly to Jane.

It isn't a bit fashionable to bear a name even faintly suggestive of things Teutonic these days. That is why a paragraph in the day's news announces that Tracy Einstein, Dr. Schwartz, Albert Rosenfeld, and Aaron Brookheim have had their names changed respectively to Tracy Cullen, Dr. Blake, Albert Redfield and Andrew Brooks.

Naturally a pretty maiden doesn't yearn to have recourse to the law to have her last name changed. She prefers to let her fiancé do it with a wedding ring and white ribbons instead of a lawyers fee and red tape.

But when it comes to her first name, if some misguided parent has wished Annetta or Susanna, on her at birth, she can perform a little operation on a couple of syllables and emerge modishly, Ann or Sue, without the aid of a party of the second part.

HOME BEAUTIFIERS

With the advent of November, everyone begins to think more about how to make her home cozy and attractive for the winter months. Essentially "homey" is what she wishes to make it. Nothing will contribute more to this effect than the change brought about by new draperies and floorcoverings.

The curtain materials and over draperies are commendable for their taste and beauty of design and excellent quality. Only an inspection can reveal the scope of the stocks—the endless possibilities for home adornment which these fabrics possess. Quality considered, the prices are very reasonable. Some of the materials are fine filet nets, imported Scotch grenadines, Saxony nets, cretons, voiles, marquises, and wonderful combinations of colors in madras, in tapestry and conventional designs.

Floorcoverings in every conceivable shape, color and size in exceptionally large variety are offered here for your approval. Whatever you wish in this line, you will be doing yourself an injustice to purchase without seeing our immense showing. Rugs in all sizes and qualities, axminster, velvet and tapestry carpets, and linoleums—roll after roll of them. "Victor" hand made window shades are sold by this store exclusively.

Save money by buying carpets, rugs and draperies here.

CAMPAIGN FIGHT BITTER IN INDIANA

Many Cities Taking Part in The Municipal Elections Throughout The State

FT. WAYNE DRAWS INTEREST

Socialists Are Expected to Take an Extensive Part—Strength Is Weak

(By United Press.)

Indianapolis, Nov. 6.—Municipal elections occupied the attention of Hoosier voters today.

Bitter campaigns have been waged in many cities and the result is being watched with interest.

In Indianapolis, Charles Jewett, republican, Dick Miller, democrat, Lew Shank, independent were all claiming victory. A strong speaking campaign was made by the three men and their followers. All made a special plea for the colored vote.

The Ft. Wayne fight has been hot, attracting state-wide attention. Maurice M. Neizer, democrat and W. S. Cutshall, republican, are the candidates.

At Marion, the wet and dry issue was injected into the campaign. Elkanah Hulley, republican and Wilbur Williams being the candidates. The reform issue is also uppermost at Muncie where Dr. Rollin O. Bunch, democrat is opposed by Charles O. Grafton, republican.

In Lake county the center of the fight is in Gary where Mayor R. O. Johnson who was defeated for the nomination, is running against Wm. F. Hodges, republican nominee and H. J. Curtis, democrat. V. J. Smalley, has a clear field at Hammond.

James M. Gossom, mayor of Terre Haute, democrat, is a candidate for re-election and is opposed by Chas. H. Hunter, republican. Cleanup advocates are backing Hunter.

Mayor James House, Vincennes, is opposed for re-election by Dr. James B. McDowell, a democrat. The campaign has been exceptionally warm.

The fight at Evansville, usually democratic, has been between Mayor Benjamin Bosse and A. R. Messick, republican.

Newcastle voters had to choose between George A. Elliott, republican, publisher of the Newcastle Courier and leading business man of the city, and Horace G. Vergin, democrat.

Socialists were expected to figure in the elections to a considerable extent at Marion, Terre Haute and Indianapolis, but it was doubted if they would show enough strength to elect their man at any of the places.

FT. WAYNE BOY LOST

(By United Press.)

Washington, November 6.—At least three sailors were killed when the picket boat, Michigan was lost. From all indications the small boat capsized. Failure to find any of the crew indicates they were all drowned. Joseph J. Schultz of Ft. Wayne was among the drowned.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

INDIANA TO PLEDGE 5200 MEMBERS

Boys Will Earn Ten Dollars Through Their Own Efforts and Contribute It

MARTS IS STATE ORGANIZER

Money to Be Used in The War Work for Americans Enlisted Men in the Army and Navy

Indianapolis, Ind., Nov. 6.—Indiana is to have 5,200 boys as members of the "First Hundred Thousand," a patriotic organization for boys only, who will pledge themselves to earn \$10 through their own efforts and contribute it to the million dollar War Work fund to be raised in the state for the enlisted men of the army and navy.

The First Hundred Thousand organization commemorates the gallantry and bravery of the "conquering British army," which early in the war, threw itself into the breach and saved the French army from annihilation by the Germans, thus saving Paris and the world from the Hun.

A meeting to crystallize this sentiment into an actual organization in Indiana, was held at the auditorium of the Y. M. C. A. It was attended by representatives from nineteen Y. M. C. A. districts in Indiana. A. C. Marts of Pittsburgh is organizing the state.

"I've just received word from New York City," said Mr. Marts today, that the First Hundred Thousand movement is sweeping the east like wild fire. It has an appeal in it that arouses not only the boy but the adult as well, although the organization will be made up of boys exclusively. When the average boy is made to realize how the 100,000 men of the British army withstood the assaults of the invading Germans, "on their way to Paris, they become enthusiastically patriotic."

According to the plan outlined by Mr. Marts at the meeting each Y. M. C. A. district in the state will supply its pro rata quota of boys for Indiana's representation. Each member of the First Hundred Thousand will earn \$10 by his own efforts and not by soliciting money.

The organization will prepare a certificate containing ten coupons of \$1 each. As a member earns a dollar and pays it in, he will be given a coupon. When the ten coupons are redeemed, the boy will receive an engraved parchment, showing his devotion to duty in the same way that the British soldiers devoted themselves to duty in stopping the invading Germans. The certificate will be signed by John H. Mott, of New York and by the state chairman.

According to the records \$1,000,000 to be raised by the boys will be the largest sum ever attempted by any boys' organization in the United States. Every penny of the contributions will be used in the war work for the enlisted men of the United States army and navy.

"We wish the boys of this organization to emulate the sacrifice and devotion of that army of 100,000," said Mr. Marts. Therefore, the harder the money comes to the enlisted boy the better it will be for the boy and for this fund. That hundred thousand army saved this world—this hundred thousand army of boys will help give comfort to the men on the ships and in the trenches."

The active work in the campaign will begin Monday when the various districts will complete their organizations, after having submitted the names of boys who will represent each district. Mass meetings will be held over the state next week to start the boys. The campaign committee will supply suggestions to the boys as to the best way to earn the \$10 as their part of the contribution.

The boy's work is supplementary to the campaign being put on by the Y. M. C. A. for Indiana for the soldiers and sailors.

WILL CONFER COUNCIL DEGREE

Rushville Council No. 41 R. & S. M. will confer the council degree on a class of candidates immediately following the Knight Templar meeting Wednesday evening. Refreshments will be served.

DEAD TROOPS WILL BE BURIED IN FRANCE

Continued From Page 1

tack. They charge in a powerful rush. The American troops had been in the trench for some time just entered this particular bit of trench. They fought like wildcats until literally smothered in the weight of the superior attacking forces. Then the Germans scurried back to their own lines, dragging their dead and wounded with them together with their American prisoners.

A young reserve lieutenant with the detachment attacked was puzzled immediately after he brought his men into the trench by sudden acceleration of artillery fire. He decided to consult his superior officers

and started carefully weaving his way back. He struck the German baggage. It knocked him flat but he recovered and a second time tried to press along. Again he was flung down by exploding shells and for the third time he dauntlessly went on. Then he was completely "knocked out" by a narrow shave from a high explosive shell. After the German raiders had returned to their lines, the lieutenant was found unconscious. He was revived later and told his story. He was in the base hospital recovering from shell shock.

"The shelling began darn suddenly," said one of the wounded Americans today. "A few minutes later I turned around and saw a big German standing in the trench beside me. The next thing I knew he shot me—bang!"

The whole American army in France realizing that the first American casualties were those of an ordinary trench raid, nevertheless was boiling with impatience to get revenge on the Boches.

The American dead will be buried with military honors in a little American cemetery near the camp.

Rheumatics Are Satisfied

Satisfied That "Neutrone Prescription 99" Does All That is Claimed For It

They have used "Neutrone Prescription 99" for all forms of Rheumatism and Neuralgia, they frankly tell how it has proven its quick and lasting benefit.

The words of praise from Newburgh's relieved Rheumatic sufferers will prove to many a crippled sufferer a welcome message pointing the way to quick and permanent relief.

What is more convincing than home testimony?

"Neutrone Prescription 99" from its remarkable success has sprung into almost instant popularity: "it produces results."

Get a 50c or \$1.00 bottle today, you will be surprised at the improvement even in a short time. Mail orders filled on \$1.00 size.

NO ARTICLES FOUND TO CONTAIN POISON

Although Countless Ones Are Examined on Suspicion, None Has Been Discovered in State.

COURT PLASTER A DEFENDER

U. S. Public Health Service Finds None of it is Purposely Contaminated With Tetanus.

(By United Press.)

Indianapolis, Nov. 6.—H. E. Barnard, state food and drug commissioner, said today that in spite of the fact that countless articles have been brought to his department for inspection, on suspicion of containing poison, no case has yet been found where evidence pointed to intentional poisoning. Court plaster seems to be the main defender, according to Barnard. He said.

"Every health office has been besieged by anxious purchasers of court plaster who reading the stories published concerning the work of enemies of our country fear that they too are perhaps the subjects of poison plots. Many samples of court plaster and all other common articles, such as, the paper discs used in sealing jelly tumblers have been submitted to me for analysis with the story that they were distributed by peddlers, or sold at a low price by agents who seem to be more interested in getting rid of them than in making money by their sale. We have found several samples to be contaminated by bacteria, usually of a common and harmless form, but in no case have we ever secured any evidence of intentional desire to poison or infect the user."

"The United States Public Health Service has recently examined many samples of courtplaster. These samples were either sent to laboratories at Washington by state health officials or purchased at local pharmacies. Two of the fourteen specimens examined showed the presence of the tetanus organism, and yet the experts who made the analysis, and they are the men whom the government charges with the care of the public health says, we have no evidence whatever that any specimen we examined was deliberately contaminated. It is evidently from this report and from the reports of other laboratories that courtplaster distributed as prizes with purchases is often a source of danger rather than a protection. As a matter of fact the practice of using court plaster to seal slight wounds is often unsatisfactory. Many wounds, in fact, most cuts, and slight infections, heal more readily when left open than when tightly closed. In general, it is good advice to say that court plaster has no place in the family medicine chest. And this was just as true before the war threw us into a frenzy of fear that agents were deliberately spreading infection among us, as it is today."

SEGREGATION LAW IS HELD TO BE VOID

Supreme Court Decides Louisville, Ky., Has Not Right to Put Negroes to Themselves

OTHER CITIES ARE AFFECTED

(By United Press.)

Washington, Nov. 6.—The supreme court has declared unconstitutional the Louisville, Ky., ordinance which sought to segregate whites and negroes into different districts. Similar ordinances in other cities are affected.

The court held that the ordinance was invalid because it was a violation of the rights of a certain class of citizens.

"There exists a serious situation which, however, the law is powerless to remedy," said the court.

RECEIVES COMMISSION

Samuel L. Trabue, county fuel administrator today received his commission from the federal fuel administrator for Indiana, Evans Woollen. Mr. Trabue has been acting as county fuel head for several days however, pending receipt of the commission.

CLERKS ENJOY BIG WAR WAGES

Loss of Clerks in Government Employe at Capital Makes Demand For Men

FIRST RAISE IN SALARIES

Before the War Washington Offered Low Wages But Times Have Changed

(By United Press.)

Washington, Nov. 6.—A merry war is on among government department heads for labor. So flagrant has become the rival bidding for employees to man the many new bureaus that the puzzled executives are making aggrieved protests to Congress.

The government clerks, some of whom haven't had a raise in pay since Polk's administration, are feeling a bit of war prosperity.

"They are fairly robbing me!" declared Secretary Redfield, referring to the new shipping board. He said they were taking all his experts who have done their experting heretofore for \$1,600 a year, and starting them out at from \$3,200 to \$4,000. His commerce department was being ruinously disorganized.

Stricter rules are in force against transfers of civil service employes from one department to another. But the men simply quit, and soon get another job with another department head who rarely proves particularly inquisitive as to their past if they can do the work.

Before the war, Washington was strictly a low-wage town. Congressmen found more votes were gained by spending appropriations in their districts back home than in raising Clerk Bill Jones' pay from \$560 to \$630 a year.

M. E. SUNDAY SCHOOL OUTLINES ITS AIMS

Board Sets Mark for Enrollment, Attendance and Pledges Between Now and Easter

RALLY WEEK IS OBSERVED

At the meeting of the board of the St. Paul's M. E. Sunday school last evening held at the Methodist church the aim to be accomplished between Rally day, which is to be held next Sunday, and Easter was set for enrollment, attendance and pledges. Plans were made with which the teachers would work together for this end. There was a good attendance and a number of matters of interest to the school were discussed. The head of each department gave a summary of the class meetings of that department to be held on Friday, the day set for class meetings, and the part the department would take in the Rally Day program next Sunday. The next meeting of the teachers and board will be held Tuesday, November 27, at the home of Mrs. George Hogsett in North Main street.

The program for the week will be continued tomorrow evening with a reception honoring the Rev. and Mrs. Clyde S. Black at the church. The Sunday school prayer meeting will be held on Thursday evening will have an interesting program with special music and talks. A large attendance is urged of all of those who attend Sunday school, as well as the delegates from each class.

Save Your Cash and Your Health

CASCARA QUININE

The standard cold cure for 20 years—in tablet form—safe, sure, no opiates—cures cold in 24 hours—grip in 3 days. Money back if it fails. Get the genuine box with Red top and 24¢ picture on it. Costs less, gives more, saves money. 24 Tablets for 25¢. At Any Drug Store

NEW CHEMICAL TRUCK USED

Fire is Extinguished Quickly at Home of Charles Glover

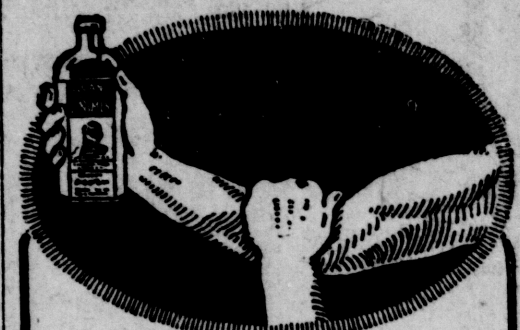

Another fire occurred at the home of Charles Glover at 820 West 2nd Street this morning about nine o'clock, though not as extensive as the one week ago last Friday. The blaze started in a defective flue and the fire was confined to a space between the ceiling and roof. The damage was slight for the fire department arrived and put out the blaze almost instantly. The new chemical truck was used for the first time in extinguishing a blaze.

JONES IS ACCEPTED

Horace Jones, who failed to report for physical examination in August when ordered to appear by the Rush county army selection board, has been examined by Dr. W. S. Coleman, physician member of the board, and passed. He will be sent to Camp Taylor, Ky., with the next increment from Rush county. Jones was recently detained at Bellefontaine, O., on instructions from

the board and then ordered to report here.

Seymour—A government sewing station may be established by the women of this city here.

Ah! That's the Spot

Sloan's Liniment goes right to it. Have you a rheumatic ache or a dull throbbing neuralgic pain? You can find a quick and effective relief in Sloan's Liniment. Thousands of homes have this remedy handy for all external pains because time and time again it has proven the quickest relief.

So clean and easy to apply, too. No rubbing, no stain, no inconvenience as is the case with plasters or ointments. If you once use Sloan's Liniment, you will never be without it.

Generous sized bottles, at all druggists, 25c., 50c., \$1.00.

LIGHT VOTE CAST IN CITY ELECTION

Much Less Than Half of Votes on
Poll Book Are Cast at 1:30
O'clock This Afternoon.

FIFTH PRECINCT IS SLOW

Only 200 Out of Possible 500 Count-
ed There—Nothing to Inter-
fere With Voting.

BULLETIN

The following vote had been cast
at 3:30 o'clock this afternoon in the
six precincts in the city:

	Cast	Polled
First	162	220
Second	180	205
Third	121	187
Fourth	151	210
Fifth	293	500
Sixth	169	191
total	1076	1513

With very little more than half of
the polled vote cast at one-thirty
o'clock this afternoon, indications
were that an extremely light vote
would be cast in the city election to-
day.

The weather was ideal for voting
and there was nothing to interfere.
Factories closed down all or part of
the day to allow their employees to
vote. Party workers got busy this
afternoon and expected to bring in
many of the voters yet out before the
polls closed at six o'clock.

At one-thirty o'clock the total
vote cast was 845 and the poll books
showed 1,513 eligible to vote.

No matter how many hard lies
were put in this afternoon, there was
very little prospect of the vote
reaching that of four years ago when
1,478 votes were cast for the three
candidates for mayor. The total vote
cast for the three candidates for
clerk the same year was 1,442 and
for treasurer, 1,436. There were
three tickets in the field in 1913—
republican, democratic and pro-
gressive.

The combined vote for mayor in
the city election in 1909 was 1,333
and the vote today will do well to
reach that figure. A great many
soldiers have been recruited from
Rushville, which will cut down the
vote considerably. They are dis-
franchised because there is no In-
diana law which allows them to vote
by mail.

The sixth precinct, the voting
place of which is in A. B. Irvin's
garage, had the largest percentage
of votes in this afternoon when the
voting places were visited. Out of
191 votes polled in the precinct, 152

FORMER RUSH COUNTY WOMAN DIES OF BURNS

Mrs. Lewis Shumway, Born and
Reared at Neff's Corner, Fatally
Burned at Greenfield

GRANDCHILDREN LIVE HERE

The burns received by Mrs. Lewis
Shumway of Greenfield yesterday
morning while burning a pile of leav-
es, caused her death this morning at
her home at about eight o'clock.
Mrs. Shumway is related in this city
and is well known here. The acci-
dent occurred yesterday morning at
eleven o'clock and since that time,
she had been in a critical condition.

Mrs. Shumway was formerly Miss
Amanda Kirk, daughter of Mr. and
Mrs. Henry Kirk, and was born and
reared at Neff's Corner. After her
marriage, she moved to Greenfield.
She is the grandmother of Dora Ed-
wards, Mrs. Andie Moore and Ray
Edwards of this city. The funeral
arrangements have not been com-
pleted.

SEN. WATSON VOTES EARLY

Here Short Time Today After
Speaking at Portland

Senator James E. Watson was
here a short while this morning to
cast his vote. He spoke last even-
ing at Portland, Indiana. A party
of friends met him at Newcastle,
drove him to Portland and also mo-
tored to this city with him this
morning. He went to Indianapolis
this morning and will leave there to-
morrow.

TO RECRUIT THIRTY MEN FOR ARTILLERY

Byron Cowing is Delegated to Raise
Platoon For Regiment Which
State Offers Nation.

DRAFTED MEN MAY ENLIST

Byron Cowing, who attended the
first officers training camp at Fort
Benjamin Harrison, has been dele-
gated to recruit a platoon of thirty
men for the new Second Indiana
Field Artillery, which will be raised
in the state, taken in as a unit of the
Indiana National Guard and then be
placed in the federal service for ac-
tion in France.

Mr. Cowing stated today that a
meeting would be held in the court
house assembly room Thursday
evening at seven-thirty o'clock and
asks that all who are interested in
the formation of the new regiment
to attend.

Any man between the ages of
eighteen and forty-five years is
eligible to enlist if he is not already
certified for service by the county
selection board. This means that
any man who registered can enlist
if steps have not already been taken
to place them in the National Army.
It is said this will likely be the last
opportunity for drafted men to en-
list.

If Mr. Cowing does not succeed in
raising the desired platoon in Rush
county, he will go to Indianapolis
and join one of the batteries there.
The government has agreed to ac-
cept the regiment when it is re-
cruited.

TWO REPORTS HEARD BY WOMAN'S COUNCIL

Miss Anne Straight, Visiting Nurse,
Shows She Spent Most of Time
With Diphtheria Cases

AIDS IN TAKING CULTURES

The reports of the treasurer, Miss
Anna Bohannon, and visiting nurse,
Miss Anne Straight, occupied the
larger part of the business meeting
of the Woman's Council, held in the
directors' room of the Rushville Na-
tional Bank last evening. Thirteen
members of the council were pres-
ent.

Miss Straight's report showed
that the majority of her time during
the past month was used in taking
care of the diphtheria situation. She
has fumigated eight homes and aided
Dr. Coleman in taking the cul-
tures of about 500 school children.
There has been very little illness,
aside from the diphtheria, the report
showed.

The treasurer's report showed a
balance of about sixty dollars in the
treasury for this month.

PROTRACTED MEETING.

A protracted meeting is being con-
ducted at the Christian church in
Arlington with the Rev. G. I. Hoover
of Indianapolis acting as evangelist.
Excellent congregations have been
attending the meetings and great
good is being derived from the ser-
vices. The meetings started last
week and will be conducted through-
out this week and perhaps longer.

CAMPAIGN PLANS ARE EXPLAINED

Township Chairmen Met This After-
noon and Methods to Raise Y. M.
C. A. Fund Are Outlined

ALLOTMENTS ARE ANNOUNCED

Rushville Township Will Subscribe
\$2,400 of \$7,500 for County—
Union Meeting Sunday

Definite plans were made for the
campaign to raise \$7,500 in Rush
county for the army Y. M. C. A. dur-
ing the week of November 11 to 18,
at the meeting of the township chair-
men held in the assembly room of
the court house this afternoon at
2:30. The plans were outlined by T.
M. Green, county chairman for the
work, so that each township would
be managed in a similar manner.
The chairman asked that each town-
ship be divided up by road districts
in order that every farmer would be
reached by the canvasser of that
district.

The chairman of each township is
to have full charge of the raising of
the allotment in that township and
has the power to appoint committees
and canvassers to assist him in the
work. They were also instructed to
work through the schools of the
townships, reaching persons in that
way that might not otherwise be ap-
proached.

The \$7,500 for the county to raise
was appropriated among the town-
ships with the following result: Rip-
ley, \$800; Posey, \$425; Walker, \$425
Orange, \$350; Anderson, \$800;
Rushville, \$2400; Jackson, \$350;
Center, \$400; Washington, \$400;
Union, \$425; Noble, \$425; Richland,
\$350. J. Russell Publow was ap-
pointed chairman of Ripley township
in the place of M. F. Lovett, who is
serving on a federal jury.

The campaign here will be opened
with a union meeting on Sunday
evening, November 11, at the Main
street Christian church when a sol-
dier who recently arrived in Indiana
from Hattiesburg, Miss. will give an
address. It is not yet known which
of the five men lately returned from
the camp will speak, but the repu-
tation of each of the men as speak-
ers is excellent.

B. L. Trabue, chairman of Rush-
ville township, has appointed the
committee which will solicit funds in
this township and aid in raising the
allotment of \$2400. The members
appointed on the committee will meet
Friday evening at 7:30 o'clock in the
director's room of the Rush County
National Bank to complete plans for
the campaign. Those appointed
were J. T. Arbuckle, J. O. Hill, L. L.
Allen, Isom Stevens, E. R. Casady,
W. A. Alexander, Hugh Maunzy, Har-
ry Clifford, Cary Jackson and Hor-
atio Havens.

EVANSVILLE TO PAY TRIBUTE TO GRESHAM

Will Hold Mass Meeting Sunday in
Memory of City's First Soldier
to Die in Battle

LEADING MEN WILL SPEAK

(By United Press.)

Evansville, Ind., Nov. 6.—All
Evansville will pay tribute to the
memory of the city's first soldier to
fall in actual combat with the Ger-
mans—James B. Gresham—and his
mother—Mrs. Alice Dodd.

Plans were completed today for
a monster memorial meeting to be
held on Sunday at the city's new
coliseum. The soldier's mother will
attend if she has recovered suffi-
ciently from the shock of her son's
death. Leading officials of the city
and state will speak.

—Harry Osborne of Indianapolis
spent the day here.

FAIR WILL SHOW A SLIGHT DEFICIT

Meetings of Stockholders Will be
Held Saturday to Decide Whe-
ther it Shall be Held

BALANCE OF \$149.21 NOW

But Secretary's Report Shows Bills
Outstanding Which Will More
Than Cover This

A meeting of the stockholders of
the Rush County Fair association
will be held in the court house as-
sembly room Saturday afternoon at
one-thirty o'clock to determine what
the future of the Rush county fair
shall be.

It is said that the future of the
fair is again in the balance and what
shall become of it will be determined
by the stockholders, if there are
enough of them at the meeting to get
a fair estimate of the wishes of the
majority of the stockholders. An
effort was made to hold a meeting
yesterday afternoon, but not enough
were present to merit transaction of
any business.

The annual report on the last
fair will be read. Although the re-
port of the auditing committee
which is composed of L. Link, Al-
bert Winship and Earl H. Payne
shows a balance of \$149.21, it is
known that the secretary's report
shows there are outstanding bills
which will eat up the balance and
put the fair association further in
debt.

The fair officials had visions of
making the last Rush county fair
pay because it was conducted on a
different basis. Only stockholders
instead of stockholders and their
families as had previously been the
case, were admitted free of charge
at the fair this year and season
tickets were abolished. Because of
these new methods, the revenue of
the fair was greatly increased, but
it was patronized as it should have
been, with the result that it will
show a slight deficit this year.
However, the showing this year is
much better than it has been for
years and has inspired fair officials
to give it another trial.

The fair board and others inter-
ested in the fair, believe that it
could be made a paying institution
if the county would levy a tax and
give the association the appropri-
ation to which it is entitled under
the law. That the fair will attempt
to get this appropriation when the
county council meets before the
first of the year to make deficiency
appropriations, seems probable. The
fair has failed repeatedly to get
such an appropriation.

There is still a disposition on the
part of some persons to sell the
ground and abandon the fair, but
what will be done will be definitely
decided at the stockholders meeting.

The auditing committee has made
the following report: "To the offi-
cers, directors and stockholders of
the Rush County Agricultural as-
sociation: The auditing committee
has examined the books of the
treasurer and secretary and would
report that the bank book shows
receipts of \$4,572.43 and vouchers
paid, in amount to, \$4,423.22, leav-
ing a cash balance in the bank of
\$149.21."

IS RELIEVED OF HIS OFFICE

Russian Minister of War is Sent to
the Caucasian Front.

Petrograd, Nov. 6.—General Ver-
khovsky was formally relieved of his
office as minister of war. No ex-
planation was made of the change.
He was announced as having depart-
ed for the Caucasian front yesterday
and it was then reported that he
would not return. One rumor in cir-
culation here was that he had made
tentative peace offers to Germany
without knowledge of other officials
or the allies.

TO TAKE DIXMUDE RIDGE

Field Marshal Strikes Another Tre-
mendous Blow at Germans

(By United Press.)

London, Nov. 6.—Field Marshal
Haig struck another tremendous
blow at the German lines around
Paschendale Ridge today. The im-
mediate object of the British drive
in this sector was to capture Dix-
mude Ridge, which is the backbone
of Flanders, and beyond this lies
Rollers, one of the centers in the
German line of communication.

MEETINGS TO SPEED UP HOG PRODUCTION

Six Will be Held in This County
Thursday and Friday, it is
Announced

PURDUE MEN WILL SPEAK

In the interest of Rush county
raising more hogs, six meetings will
be held Thursday and Friday of
this week in different points in the
county. J. B. Morgan of Galves-
ton, Tex., a practical hog raiser, will
give a talk at each of the meetings.
M. F. Dietrick of Ohio will attend
as emergency demonstration agent;
and D. S. Myers of Purdue univer-
sity will take part. The men are all
well informed in this line of work
and the farmers of Rush county
have an unusual opportunity in
hearing them, it is pointed out.

The meetings will be held at the
following places: Thursday at 10 a.
m., George Green farm in Richland
township; 2 p. m., George Looney
farm near Gings; 7:30 p. m.,
Mays school; Friday morning at 10
a. m., Frank Sample farm in Posey
township; 2:30 p. m., Elmer Hutch-
inson farm near Arlington; 7:30 p.
m., Gowdy school house.

The government is having similar
meetings held all over the country
as a result of the Food Production
Act passed August 10. In this
state, this work is in charge of the
extension department of Purdue un-
iversity. The purpose of the meet-
ings is to encourage farmers to
raise more hogs and to give expert
advice on raising them. Mr. Dic-
trick, who is emergency demonstra-
tion agent, has charge of Rush and
lancet counties and will remain
here to aid the farmers until a reg-
ular agent is appointed.

M'DANIEL GIVEN ANOTHER CHANCE

Arlington Man is Allowed to Go
Free Today Under Suspended
Sentence of Six Months

NEEDED AT HOME, JUDGE SAYS

Claude McDaniel of Arlington was
given another chance by Judge
Sparks in the circuit court this af-
ternoon.

He now has a suspended sentence
of six months at the state penal
farm hanging over him, which the
court may revoke at any time he
learns of McDaniel's misconduct.

McDaniel was fined \$1 and costs
and given a suspended sentence of
six months at the state penal farm
December 29, 1916, for public in-
toxication. Last Friday he was ar-
rested on an affidavit charging as-
sault and battery on his daughter.
Yesterday McDaniel was arraigned.
The old suspended sentence was re-
voked and Sheriff Cavitt was or-
dered to take him to the penal farm.
It is understood that representations
were made to Judge Sparks which
caused him to decide today to give
McDaniel another chance. He told
the Arlington man he was needed at
home and that he should behave
himself.

WILL BURY DEAD TROOPS IN FRANCE

Military Honors Will be Given First
American Troops to Loose
Their Lives

MEN FIGHT LIKE WILDCATS

First Unit Overcome by a German
Raiding Party Much Superior
In Numbers

With the American Army at the
front, November 6.—Preparations
were being made today to bury in
France the first American soldiers
to fight and die to make the world
safe for democracy.

Three of them died, four others
suffered wounds, and thirteen are
somewhere behind the German lines.
Every American making ready for
the battle line awarded to them the
supreme commendation that in their
fight they upheld the best traditions
of the American army. They were
outnumbered. The fact that they
fought against overwhelming odds
and were irretrievably cut off from
reinforcements did not deter them
from striking back with all their
power.

In the narrow trenches where
there was no room for rifle shot,
the Americans fought with their
clubbed guns, their bayonets, their
trench knives, their intrenching
spades—even with their hands.
Flares and the sudden glare of ex-
ploding shells showed occasional
snapshots of struggling groups—
one or two American soldiers sur-
rounded by a solid mass of Ger-
mans—a melange of arms and
hands and kicking feet, flashing
bayonets, shouts, muffled yells and
the sounds of pain wrung from the
wounded.

This was the story as survivors
told it. The Americans did not
have a chance against overpower-
ingly superior masses of the enemy.
The fact that they did not have a
chance, did not prevent them from
fighting until they had literally been
smothered by the Germans.

The small American detachment
was in a front line trench. The usual
desultory artillery fire suddenly re-
lled to an intense rumble. The enemy
put down a heavy barrage of shells
completely around the single unit.
Then a big party of Germans—Amer-
ican wounded estimate them at 210
in all—suddenly swarmed over the

Mistaking Burglar For Son, Woman Tells Him How To Get In; Leaves With \$25

"Tom, the key is over the
the door," said Mrs. Catherine
Horr last night to a man
fumbling at the front door—a
man whom she supposed to be
her son.

Now burglars do not often
get that sort of a reception and
this particular burglar, whether
or not he belonged to the "pro-
fess," must have thought that
the woman of the house was
accommodating to say the least,
to explain to him the way to
get in along the line of the least
resistance.

Accordingly, he took the key
and entered. Later Mrs. Horr
heard a noise again and she
thought it strange that her son
had not come in yet. She
started downstairs, calling to
her son to learn why he was not
yet in the house. A strange
voice answered her from the
outside. She knew it was not
her son's and she aroused the
neighbors. The police were
called and it was found that
the burglar had taken a purse
containing \$25 from a secret
drawer inside the table. He
ransacked several other draw-
ers before finding the money.

FOR FOOD FIT TO FIGHT ON.

Torpedo Boat Destroyer Davis of the U.S. Navy

The Government is just as particular in selection of foods as it is in the choice of men. Fighting spirit, strength and strength can't be derived from poor foodstuffs. Both men and materials must be the best obtainable.

CALUMET BAKING POWDER

has been selected by the Government for Army and Navy use. It has been accepted by the Government as meeting the critical requirements necessary in the way of strength and general perfection in purity and wholesomeness.

Calumet Baking Powder proved, by tests, to be acceptable to the Government as the most acceptable baking powder for home use—the purest and surest. Use the baking powder that makes foods fit to fight on—fit for your family to grow and work on.

EMPEROR KARL GOES ACROSS TAGLIAMENTO

This Means German-Austrian Invading Force Has Made Another Breach in Italian Line

ITALIANS ARE RETREATING

(By United Press.)

London, Nov. 6.—A dispatch from Vienna today asserted that Emperor Karl of Austria had crossed the Tagliamento with his troops near Codriopo.

If confirmed this would mean the German-Austrian invading force has made another breach in the line.

They have already announced a crossing north of Tizano.

"We have won the Tagliamento line," declared today's Berlin official statement. "The Italians are retreating between the mountains and the sea."

"The Italians are retreating on a front of nearly 100 miles," the statement asserted.

ITALIANS EVACUATE

(By United Press.)

Rome, Nov. 6.—Italian troops began evacuating part of the mountainous area included in the Tagliamento river line today.

TO CURTAIL CARS.

(By United Press.)

Washington, Nov. 6.—Curtailling in manufacture of pleasure cars and readjustment of the whole automobile industry for war is being planned this afternoon at a meeting of the war industries board with the leaders in the motor world. A shortage in certain kinds of steel and coal makes changes necessary, according to official announcement.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of frezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, itching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while frezone is sticky, it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening of his corns.

John W. Fry, at One Time in Harness Business at Raleigh, Dies at Charlottesville

C. G. NEWKIRK IS A GRANDSON

John W. Fry, a former resident of this county, and a veteran of the civil war, is dead at his home in Charlottesville, Hancock county.

Mr. Fry had been in failing health for some time having never recovered from a paralytic stroke he suffered several years ago. It is believed he suffered a light stroke just recently which hastened his death. He is survived by his widow, Caroline Fry and the following children namely, Mary Newkirk, Libbie Moore, Alice Treadway, Daisy Laughlin and Harvey Fry, besides brothers and grandchildren and great-grandchildren leaves many other relatives.

Funeral services will be conducted from his late home in Charlottesville, on Wednesday, November 7th, at ten o'clock and burial will be in the cemetery at Raleigh, this county where a daughter was buried several years ago.

Mr. Fry was at one time in the harness business at Raleigh and his widow was a resident of this county before their marriage. They still have many relatives and friends in this county to mourn his loss.

He was the grandfather of Charles G. Newkirk of this city.

WEALTHY GIRL, SLUM WORKER, IS MISSING

Virginia Foltz, 19, of Newcastle, Pa., Lost Trace of After Going to Cleveland, Ohio.

TWO THEORIES ADVANCED

(By United Press.)

Cleveland, Nov. 6.—Virginia Foltz, president of the First National bank of Newcastle, Pa., came to Cleveland to engage in social settlement work and disappeared, it was learned today.

Miss Foltz arrived here Friday and registered at the Y. W. C. A. as Helen Jones. No trace of her has been found since Saturday.

Two theories are advanced to explain her disappearance. One is that she came to harm through thieves attracted by her jewelry. She carried a valuable watch and diamond ring which appeared to be worth \$400.

The other theory is that she has concealed her identity to follow her ambition as a nurse or social settlement worker without interference of Newcastle friends.

CANADIAN TROOPS GO OVER THE TOP

Another Smashing Blow by Haig Carries Them Beyond and Northwest of Passchendaele

CARRIED BY STORM ATTACK

By WILLIAM PHILIP SIMS (U. P. Staff Correspondent.)

With the British Armies, Nov. 6.—The first shot of another smashing blow by Field Marshal Haig early today carried Canadian troops beyond and to the northwest of Passchendaele.

Headquarters advices report the fighting to be unusually bitter, the Germans vigorously contesting every inch of the ridge. Meechee spur was carried by a storming attack, its defenses beaten down by the Canadian troops after violent combat.

COUNTY FUEL MEN TO MEET

(By United Press.)

Indianapolis, Ind., Nov. 6.—All county fuel administrators of Indiana were today called to meet in Indianapolis next Tuesday for a conference with Evans Woollen, state administrator. The meeting will be held in the government building, starting at 1 o'clock.

—Clement Poston of the Technical Institute at Indianapolis spent Sunday with Mr. and Mrs. Isaac Stevens of Jackson township.
—Mrs. Moses went to Indianapolis this morning from where she will go to Ft. Benjamin Harrison and be the guest of Col. and Mrs. Root.
—Chase Russell returned to Indianapolis this morning, where he is attending Butler College after visiting his parents, Mr. and Mrs. John Russell.
—Mrs. Olive Campbell and daughter, Bertha, have returned to their home in Connersville after a visit with Mr. and Mrs. Fred Boxley of this city.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you
Darken Gray, Faded Hair
with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

PROHIBITION LAW IS NOT VERY SECURE

Liquor Interests Plan to Fight Dry Statute—Much Depends on New Justice.

ALONE ON STATUTE BOOKS

(By United Press.)

Indianapolis, Nov. 6.—Of the three most important bills passed by the last legislature—constitutional convention, woman suffrage and prohibition—the dry measure today stood alone on the statute books. And its position didn't seem any too secure, its friends admitted, in view of the past performance of the supreme court. Liquor interests are preparing to bring suit shortly to test the constitutionality of the law. A good deal will depend on the new justice to be appointed to the bench by Gov. Goodrich to succeed Chief Justice Erwin who died recently, it was believed.

Women of the state are preparing to lead the fight for the constitutionality of the law—as they fought for both the suffrage and constitutional convention bills.

IS NEXT TO LARGEST DAY

The treasurer's office reported this afternoon that tax collections on the last day for paying the fall installment of county taxes amounted to \$24,364.15. It is impossible yet to determine how large the delinquent list is because the office force was until late this afternoon figuring out yesterday's collections, but it was estimated it would not be any larger than usual. Yesterday's collections were the biggest of any day of the period except last Friday when the total was more than \$33,000.

AUTONOMY GIVEN FINLAND

Petrograd, Nov. 6.—Full autonomy for Finland was agreed upon by the Russian provisional government and Finnish representatives today. Finland will have a republican government with its own legislative and executive institutions. But Russia is to control its relations, it was asserted.

—Mrs. Erle Hamilton of Kingston is here for a weeks visit with her parents, Mr. and Mrs. Grant Gregg.

—Mrs. Harrell returned to her home in Brookville today after visiting her daughter, Mrs. Edna Roeckefeller.

—Robert Helm returned to Oxford, O., today, where he is attending school after a several days visit with Mr. and Mrs. George Helm.

—Mrs. Rachel Jones returned to her home in Chicago this morning after a visit with relatives in this city. She was accompanied home by Mrs. T. M. Friend, who will make an extended visit.

—Mrs. Fannie Ridenbaugh left this morning for St. Louis and other points in Missouri where she will visit relatives. Mrs. Margaret Brown accompanied her as far as St. Louis for a visit with relatives.

—Mrs. Raymond Hargrove visited in Indianapolis today and attended the thirty-sixth annual meeting of the Woman's Foreign Missionary society of the M. E. church of the Indiana conference. Mrs. John Jordan and Mrs. J. F. Miller will attend tomorrow.

—Corporal Leslie McKay of the United States Marines, who is stationed at Quantico, Va., is visiting relatives in this county while home on a furlough. He visited in Rushville today with his uncle, George Tardesty. Corporal McKay's home is in Shelbyville and he only recently returned from a long stay in the West Indies.

MITCHELL VICTORY IS CLAIMED TODAY

Fusion Leaders See Favorable Signs From Reports of Vote Cast in New York.

OTHER CANDIDATES HOPEFUL

(By United Press.)

New York, Nov. 6.—Fusion leaders claimed to see favorable signs for the re-election of Mayor Mitchell from reports of the vote as it was being cast up to noon today in New York's mayoralty.

A heavy early uptown vote coupled with a corresponding light turnout on the east side in the Tammany stronghold was interpreted by Mitchell's supporters as being very favorable.

As John Hyland, the democratic candidate, cast his ballot however, he expressed the utmost confidence and at Tammany Hall Hyland's election was confidently forecasted by a safe majority. A heavy vote in Brooklyn was regarded as favorable by the republicans backing William M. Bennett. The socialists reiterated their claims their candidate would poll at least 200,000, insuring his re-election.

Little disorder had marked the election up to an early hour this afternoon. At suffrage headquarters it was stated that reports of a heavy vote upstate gave promise of success for the fight to give women the ballot in this state.

LIGHT VOTE IS CAST IN THE CITY ELECTION

Continued From Page 1

had been cast at one-thirty o'clock. The fifth precinct had the lowest percentage of votes in, much less than half of the number polled being cast shortly after one o'clock. There are approximately five hundred eligible to vote in that precinct and only two hundred had been cast. The fifth precinct is the one in

JAPAN AND AMERICA IN FORMAL AGREEMENT

United States Agrees to Recognize Special Interests of Her Ally in China

WAS SIGNED ON NOVEMBER 4

(By ROBERT J. BENDER.)

Washington, Nov. 6.—America and Japan have entered into a formal agreement it was officially announced today. Ishii, head of the Japanese mission in the United States and Secretary of State Lansing signed the agreement, Nov. 4, by which the United States recognized Japan's special interests in China and under which Japan and the United States reaffirm the "open door" policy in China.

In the announcement of the agreement today, Secretary Lansing indicated that a more serious situation was developing between the two countries. Ishii asserted that the purpose of his mission to this country was to seek closer relations between Japan and the United States and to settle questions between the two countries pertaining to the far east. There has unquestionably been a feeling growing up in regard to the activities of other countries in the far east, a feeling promising to develop in a serious situation.

which most of the factory men live and is about the only doubtful precinct in the city. It is very nearly possible to estimate about how the vote will stand in the other precincts. A small vote in the uncertain fifth precinct was looked upon by republicans as a hopeful sign. Even though republican candidates felt certain of election, they were sure that with a draw in the fifth, they could win handily.

The first precinct, with voting place at the Catholic church hall, had 120 votes in at one o'clock with

PROHIBITION OF CERTAIN IMPORTS

Presidential Proclamation is Expected to Stop The Outflow of American Gold

IS AUTHORIZED BY LAW

(By United Press.)

Washington, Nov. 6.—Prohibition of certain imports in order to stop further the outflow of American gold is imminent.

President Wilson, it is understood, will shortly issue a proclamation prohibiting corn imports and curtailing others. A desire to keep gold in the United States and concentrate on indispensable commerce is the purpose of the import control authorized in the trading with the enemy act and which will be administered by the war trade board co-operating with the secretary of the treasury.

220 on the poll books.

The second precinct had 154 votes cast out of 205 polled about fifteen minutes after one. Workers in this precinct, which voted at the court house assembly room, hoped to get in thirty-five or forty votes this afternoon.

The third precinct, with voting place at J. Q. Thomas' law office, had a record of 95 casting their ballots out of 187 on the poll books eligible to vote.

The fourth precinct, which voted back of John A. Spurrier's music store, had 124 votes in out of 210 polled about one-twenty o'clock.

WIN BLOODLESS VICTORY.

(By United Press.)

Paris, Nov. 6.—The French won a bloodless victory when the Germans retreated over the Ladies Highway, the Oise and Aisne canal on the west and Carbondy on the east. Advancing French found that the Germans had blown up all of the bridges.

FIVE ARE KILLED IN MUNITION PLANT

Forty-seven Are Injured and Two Missing as Result of Plot to Destroy Plant.

NEW KENSINGTON EVACUATED

(By United Press.)

New Kensington, Pa., Nov. 6.—Simultaneous explosions in several sections of the plant of the Aluminum Company of America here yesterday caused death and injury among the employees and started a fire which threatened to destroy the building. Reports state that five are dead, and forty-seven injured and two missing.

Officials believe there was a plot to destroy the plant. Fire burst out at several points where the explosions occurred and spread rapidly.

As the flames spread, the explosion of 180,000 pounds of illuminating powder became imminent and the whole town was evacuated. There was no means of fighting the fire because water itself would cause the bronze powder stored in buildings to explode. The loss is estimated at \$300,000.

Doctors Agree On Eczema Remedy

Confirm the Statements About
D. D. D. Prescription

Geo. T. Richardson, M. D.: "In my opinion, D. D. D. should be applied in all cases of skin disease—an immediate relief to the itch, a calm to excited nerves, soft, soothing, yet a powerful agent, a strength to the general system." "D. D. D. is as near a specific for eczema and the dreaded psoriasis as is quinine for malaria. I constantly prescribe D. D. D. also for salt rheum, tetter, barber's itch, pimples, all forms of itching eruptions, scales, sores." Dr. Ira T. Gabbert: "I freely admit that D. D. D. reaches most cases of eczema and permanently cures them." Dr. Gabbert of Caldwell, Kansas, is one of the best skin specialists in the state. Write and ask him about D. D. D. Druggists are glad to recommend this soothing, cooling liquid, 25c, 50c and \$1.00. Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it. Pitman & Wilson, Druggists.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things: you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorous in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorous. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only. PITMAN & WILSON, and leading druggists everywhere. Rushville, Ind.—(Adv.)

The Meat Question
The present exorbitant prices of meat, together with the reported scarcity of hogs and cattle, should cause the farmers of this country some concern for the future. True the scarcity is not so great in this country as in others, but on the other hand our export demands are inordinantly heavy. It is estimated that since the war began there has been a decrease in the world's meat producing animals of 115,000,000 head. This has had its logical effect. Taken all around, this country has increased its supply of meat producing animals; but, as we have stated, the demand on us has also increased many times. Exports of meat from this country are nearly three times as large now as during the period immediately preceding the war. Now it is perfectly evident that if we are to continue to meet the heavy demand upon our resources we will be compelled to conserve the source of supply. In plain words, we must bend our energies to breeding more live stock of all kinds.

The feeding season is close at hand, and the farmers and stock growers will soon begin to sort out the stock that is to go to the slaughter. In this sorting, care should be taken that all likely females be saved. With the present high prices, the temptation will be great to let many of them go; this temptation should be resisted. Each man should study for the future, and do his best to keep up the available supply. During the past two or three years many good breeding animals have been sacrificed that, if kept, would have put their owners on easy street. All authorities agree that there is absolutely no danger of prices falling to any great extent for some years to come, so that each grower should plan to get the most increase possible out of all his animals. Another ruinous practice that should be stopped, by law if necessary, is the practice of slaughtering very young animals, particularly calves and lambs. The waste of material is too great to be countenanced under present conditions. If all the calves, pigs and lambs in this country are allowed to grow to maturity it will go a long way toward remedying the present great shortage.

But above all things do not destroy the source of supply—the females. Intelligent attention to this detail is absolutely necessary if our meat supply is to be kept up to the great demand that will continue to be made upon it for some time to come.

Case Against Rats and Mice
Rats and mice are among the worst animal pests in the world, according to biologists of the U. S. Department of Agriculture. From their home among filth they visit dwellings and storerooms to pollute and destroy human food. The rat carries bubonic plague and many other diseases fatal to man and has no doubt been responsible for more untimely deaths among human beings than all wars of history.

In the United States rats and mice destroy each year in homes, factories, stores, and warehouses, in cars and on ships, crops, poultry, and other property valued at more than \$200,000,000—an amount equivalent to the gross earnings of an army of 200,000 men. Grain, eaten and wasted by rats and mice on many farms, would pay all the farmer's taxes. Rats and mice breed from 6 to 10 times a year, producing their destructive kind at an alarming rate. They are parasites without a single redeeming characteristic.

The country has little sympathy to waste on the speculators who were holding corn for \$2.50. The recent slump of corn from \$2.25 to \$1.25 was a just retribution. Nothing but a corn famine could ever justify \$2.50 corn.

The proposal that the government take 65% of all incomes over \$1,000,000 hasn't produced a ripple of excitement in this office.

That Papal dove of peace seems doomed to return to the ark. It has found nowhere to alight.

Will Mr. Hoover be known as the man who took the "future out of futures?"

County News

Glenwood
Orlando Nichols and Karl DeHaven of Connersville went to Fort Payne, Ala. via the Cincinnati Southern. Mr. Nichols brother, Lew lives there and has been an invalid for quite a while. They remained a week visiting relatives.

Dr. and Mrs. J. E. Walther and son Joseph were entertained at dinner Sunday by Mr. and Mrs. Jesse Morris, living near Gings.

Mr. and Mrs. A. P. Reynolds and family entertained at dinner Sunday, Mr. and Mrs. John Lindale and Miss Macy.

The Rev. Mr. Reed of Morristown and the Rev. Mr. French of Glenwood exchanged pulpits Sunday in order that they could make a better plea for the Moores Hill College relocation fund. A large number were present to hear Rev. Mr. Reed talk of what has been done for this movement. Only five persons attended college from Evansville, the Rev. Mr. Reed said. Old Trinity church at Evansville has subscribed \$125,000 to this fund and the other citizens have given \$500,000.

Mr. and Mrs. Everett Stevens and children were entertained by Mrs. Kate Mapes Sunday at dinner.

Dr. Osborne of Ft. Benjamin Harrison says he will not return any more for quite a while as he either goes west or east from the fort.

The three camps of the P. O. S. of A. of Connersville, Rushville and Glenwood will have a joint session on the evening of November 9.

Mr. and Mrs. Earl Raff and family have moved into their new bungalow on the south side.

Mrs. S. D. Turner, who suffered a paralytic stroke, has improved and the nurse has been dismissed.

Miss Edna Link has gone to Greenfield to stay with her aunt, Mrs. Nellie Weaver.

Miss Pauline Link has gone to live with Mr. and Mrs. Cliff Wines at Connersville.

James P. Cully of near Connersville was a guest at his daughter, Mrs. Pearl Wright, Sunday.

The usual services were held at the United Presbyterian church on Sunday afternoon.

Zeda Williams will move into his residence, lately purchased from Earl B. Ruff.

Frank Murphy has received a carload of West Virginia coal.

The farmers are up against a problem that they can hardly solve. The corn is soft and they are afraid

to feed it to hogs, so the only thing to do is to sell it to the government.

Mrs. Everett Clifford and son Everett, Jr. of Converse, Ind. visited with her mother, Mrs. Jeffery, Sunday. Professor Clifford is superintendent of the Converse schools and was attending a convention of the state teachers in Indianapolis.

Professor Ralph Peck was in attendance at the State Teachers association at Indianapolis, Thursday. Mr. and Mrs. Jones of Center township were the guests of Mrs. Ralph Peck Sunday.

Our coal will sell about one ton to each purchaser.

BRITISH TAKE PRISONER

Bosche Is Captured and Given Cigarettes to Recuperate

London, Oct. 12, (By Mail)—This is the way a British tank crew took a prisoner. "Our tank mired down in the mud between the lines" said the Lieutenant "and we skipped out into a nearby abandoned trench. We saw a Fritz wandering around all alone, apparently dazed, and yelled to him to come in. There was such

a row of the guns he couldn't hear so one of the men went out to bring him in out of danger. He was in an awful state—trembling all over—but we gave him some cigarettes and he bucked up.

ELECTIONS HELD IN TWELVE STATES

Interest Centers in New York Where Woman Suffrage is the Main Issue For Voters

QUESTIONS IN OTHER STATES

Indiana and Michigan Have City Elections Only—Prohibition in Some States

(By United Press.)

New York, Nov. 6.—With elections being held in twelve states today, interest centers in New York where the question of equal suffrage for women is before the people, and where Mayor John Purroy Mitchel, after being defeated in the primaries by William Bennett, republican nominee refused to withdraw from the race and is running on the fusion ticket for re-election.

The whirlwind campaign waged by the State Woman's Suffrage organization surprised New York political leaders, many of whom predict the Empire state will today swing into the equal suffrage column. The suffrage campaign has been one of the most intense, and it has been said, best managed campaigns in the history of the state.

The mayoralty fight has been most bitter. Mayor Mitchel early in the campaign, practically ignored Bennett, the republican nominee, centering his political fire on John F. Hylan, democratic and Tammany candidate and Morris Hillquit, Socialist nominee.

In his speech of the campaign Mayor Mitchel injected the war and Americanism issue into his fight on Hylan. He has based his fight on Hillquit on the latter's associations with the alleged pro-German wing of the Socialist party.

Mitchel's opponents have charged him with extravagance in office and alleged corporation affiliations.

The biggest fight in Pennsylvania is the Philadelphia municipal election. Here the new Independent Town Meeting Party is after the Yare Republican machine on the issue of the scandal disclosed in the recent fifth ward murder. In Pittsburgh, where a mayor is to be chosen, Senator Penrose and Vare are fighting it out along the same lines.

Other state and city elections include:

New Jersey: The entire assembly and county officers and seven state senators are to be elected. Local interest only.

Ohio: In addition to the liquor fight, Ohio will also vote a referendum on a Presidential suffrage law.

Texas: Local option elections.

Illinois: Judicial and some city elections.

Indiana: City elections only.

Michigan: City elections only.

Virginia: Governor and practically all state officers.

California: City elections only. On November 20, Los Angeles will vote on a city ordinance to oust saloons and stop the sale of distilled liquors.

New Mexico: Prohibition pending.

Connecticut: A special election to fill the place in congress of the late Representative E. J. Hill.

Massachusetts: Full state ticket to be elected. Also a successor to Representative Augustus P. Gardner who resigned to enter the army.

PROHIBITION AND SUFFRAGE IN OHIO

Voters Are Deciding These Two Issues at the Polls Today, Each Having Been in Courts.

TO MAKE THE STATE BONE DRY

Leading Dry Workers of United States Tour Every Cross Roads During Campaign.

(By United Press.)

Columbus, O., Nov. 6.—Prohibition and suffrage.

Ohio voters today are deciding these two issues, each having had its share of limelight in courts and on the stumps this fall.

Heavy voting was predicted. Wets, dries, suffragists and anti-suffragists claimed victories.

The campaign to make Ohio bone dry was carried on this season with the same vigor as was displayed by anti-saloon league forces in 1915. That year the dries lost to the wets by a plurality of 55,000.

William Jennings Bryan, Richmond P. Hobson, J. Frank Hanly and other dry leaders, toured city and hamlet during the closing days of the campaign. Wets, too, made a strong drive with the oratory and ads.

Both wet and dry leaders made strong pleas to Ohio soldiers stationed at Camp Sherman, Chillicothe, Camp Sheridan, Montgomery, Ala., and Ft. Benjamin Harrison, Indiana. Under the absent voters law of Ohio, these soldiers are entitled to the ballot.

Through legislative action last winter, Ohio women were granted the right to vote for presidential electors. Anti-suffragists secured the necessary number of signatures for a referendum on the law.

In his campaign, Bryan openly accused the liquor interests with first attempting to block passage of the suffrage law when up for voting in the legislature and charged that the wets were behind the referendum petitions against the law. Suffragists filed a petition contesting the validity of referendum signatures but it was filed after the 60-day limitation before election day and a decision could not be made. Much interest was centered in Columbus today where women will cast their first ballot on municipal affairs.

RUSHVILLE TO PLAY MORRISTOWN QUINTET

Game Scheduled For Last Week But Cancelled Will Take Place at Graham Annex

CONNEERSVILLE HERE FRIDAY

The Morristown and Rushville high school basketball teams will play at the Graham Annex gymnasium tonight at 7:30 o'clock. This is the first game of the season for the local five. The diphtheria epidemic first interfered with the schedule and then when the quintet was ready to play Morristown last week, that team cancelled because one of its players died. The game scheduled for last week will be played tonight. Morristown has had several games this year and Rushville is expecting a stiff game because the team has had very little practice and has not played a game. The first game of the regular schedule will be played Friday night with Connersville here.

Rushville will line up as follows tonight: Norman Reed and Hubert Alexander, guards; John Tompkins, center; Halbert Brown and John Keating, forwards. Harold Perkins is substitute. Ogden plays regularly at center, but was injured in practice last night and will be unable to play.

FOOD EMBARGO

(By United Press.)

Pittsburg, Nov. 6.—The Pennsylvania railway's embargo on shipments of potatoes, cabbage and perishable foodstuff to the Pittsburg market was forced by refusal of consignees to permit unloading of cars here. Eight hundred cars of foodstuff, now cluttered sidings between here and Buffalo, according to railroad officials.

SOCIETY

Edited by Miss Katherine Hill.

Plans are moving forward for the all day rally to be held at the Main Street Christian church tomorrow for the churches of the tenth district. Mrs. O. H. Griest, state president of C. W. B. M., Mrs. Lida Pearce of Indianapolis, Mrs. Ellie K. Payne and other prominent state workers are to be here for the meeting and give addresses. Another interesting feature will be the short talks to be given by each of the society presidents. A basket dinner will be served at noon and a large attendance is hoped for.

Mrs. Carlton Chaney entertained with a surprise party Saturday evening at her home east of this city, honoring the forty-fifth birthday of her husband and also in honor of their twenty-first wedding anniversary. The affair was in the form of

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

"Piecing" Your Income

The best way to piece out a small income is to regulate the outgo. Not that you need to be a miser, but you can be sure that all of your dollars do full service.

This Store Makes Your Dollars Do Their Duty

We have a stock of Dry Goods, Carpets and Ready-to-wear Garments that for real bed-rock value can't be duplicated anywhere

These goods are all marked in plain figures, and we sell them at these prices.

These prices are based on the actual worth of the articles, not what we think we can get.

Buying at Casady's is the surest way of piecing out that narrow income.

E. R. Casady
RUSHVILLE, INDIANA

Rushville Laundry

Phone 1342

The meeting of the Monday Circle held at the home of Mrs. L. Allen yesterday afternoon was unusually interesting. In her paper on "Architecture in France," Mrs. Beale dealt particularly with the chateau of this country. Following the paper Mrs. Robert Mansfield, who the ladies are glad this year to welcome back as a member of the Monday Circle, gave a most interesting talk on the chateau as she had seen them during her residence in France. Mrs. T. M. Green spoke of the "Poetry and Drama of England" in her paper and compared the writers of the Renaissance period to the writers of today, the new Renaissance. The entire program dealt with the period of the Renaissance.

Practically all of the members of the Circle were present. They are anticipating with pleasure the first lecture Mrs. Brown is to give before the Circle November nineteenth, at the home of Mrs. E. B. Thomas. Mrs. Brown is to speak on "Ladies of the Renaissance." It is to be a meeting without guests.

Among the pretty social activities given this week, complimentary to the Misses Emma Wilk and Dorothy Thomas, whose weddings will take place Saturday, was an informal knitting party given last evening by Miss Wanda Wyatt at her home in North Main street. Cut flowers were used to adorn the home in honor of the occasion and wall pockets of chrysanthemums were used in profusion. Late in the evening the hostess served a course luncheon.

There will be no surgical dressing class at the Red Cross headquarters tomorrow due to the fact that the Masons will use the dining room of their temple tomorrow evening and it is here that the class is conducted. The class will meet as usual on Friday.

Mr. and Mrs. Ernest Duke entertained at dinner Sunday when the guests were Mr. and Mrs. John Geran, the Misses Leah and Inez Geran and Raymond Shanks of near Greensburg and Mr. and Mrs. W. M. William of Holton, Ind.

Mrs. Earl Moore entertained the members of the Tri Kappa last evening at her home in North Harrison street. The meeting was for the purpose of sewing and knitting for the Red Cross. The next meeting will be in two weeks.

Mrs. Norman Crum will entertain the members of the Loyal Daughters class of the Christian church this evening at her home in West Seventh street. All of the girls are urged to some prepared to sew for the Red Cross.

Mr. and Mrs. Forrest Webb of south of this city and Miss Marie Brown of Manilla were the guests of honor Sunday at a dinner given by Mr. and Mrs. Arnold Orme and family at their home in West Fifth street Sunday.

The Ladies Aid society of the Catholic church will meet Thursday afternoon with Mrs. Philip Heeb at her home in Buena Vista Avenue. Mrs. Catherine Horr will be the assistant hostess.

The opening dance of the season

The opening dance of the season

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

FASHIONS DON'T STOP AT CUT OF COAT OR SHAPE OF HAT

By MARGARET MASON

Where's Gwendolin and Ermentrude Mehitable, Sabina?

Where's Araminta, Merrielle And likewise Clementina?

They are the fussy names of yore, The fashion's change 'tis plain, For now the very smartest names Are Ann, Sue, Betty Jane.

New York, Nov. 6.—Changing fashions don't stop at the cut of your coat or the shape of your hat. No indeed they invade the sanctity of the home and dictate the style of your furniture and the color of your curtains, the size of your calling cards and the monogram on your stationery. Even your real name isn't safe from the meddling of the mode.

There are a few women who object to changing their last name for a husband's but I have yet to see a woman who rebelled at changing her first name if it didn't conform to the prevailing mode.

There are period names just as there is period furniture and you can almost figure out a woman's real age by her name if she isn't smart enough to furnish it up a bit and make it over to suit the present day styles.

In our Grandmother's day a female was hopelessly without the fashionable pale unless her name boasted at least three syllables. Then there was the era when you were lost unless you possessed at least two cognomens like Eliza Jane or Mehitable Anne or Henrietta Hester.

Bessies, Jennies, Fannies, Annes, Susies, Birdies, Nellies and Nannies had an awful (and I use awful advisedly) vogue about thirty-five years ago and in more recent years we are called but not chosen perhaps as Geraldine, Gwendolin, Ernestine, Albertina, Georgiana, Evelyn, Evangeline and Isabella.

Clarissa, Araminta, Arrabella, Sophia, Eupheonia and Clementina flourished midst Victorian crewel work, porcelain cats and china dogs, and although we have swung around

for the Knights of Pythias will be given in their hall on Thursday evening. Sherman's three piece orchestra will play for the party.

The Willing Workers of the Orange Christian church will have an all day meeting on Thursday at the home of Mrs. Kate Bowen. The ladies will sew for the Red Cross aside from having the regular meeting during the day.

The Circle of the Methodist church of Orange will have the regular meeting on Thursday afternoon of this week at the home of Mrs. Harvey Arnold.

Mrs. John Jordan will entertain the members of her Sunday school class of the St. Paul M. E. church this evening at her home, 916 North Main street.

The teachers of the First Presbyterian church will have their regular meeting in the parlors of the church this evening at 7:30.

Days Pickings

The Connersville high school defeated the Milroy high school basketball team at Connersville Saturday night, 40 to 37. Connersville has won all three games played this season.

Charles Frazier, a driver for the American Express company, has received word of his promotion to train messenger on the main division of the C. C. & St. L. railroad between Cincinnati and Chicago. His duties will start tomorrow and Dan Hughes will accept the position as driver for the company here.

Mr. and Mrs. L. B. Osborne received a telegram today that their son Fred, who is a member of the Infantry of the 139th Heavy Field Artillery at Camp Shelby, Miss., is critically ill with spinal meningitis. He enlisted here in the sanitary detachment of the Fourth Indiana, which was later transferred to the present unit.

HOOSIER BRAND TYPEWRITER RIBBONS, 50c. Sold by Louis Hinc.

to a fashionable passion for those Victorian knick knacks, we haven't gone so far as to work up enough enthusiasm to take back the Victorian names.

Rather we have gone back to the plain name of the one syllable period, and all the brand new infants of my acquaintance have been duly dubbed Ann, Jane, Susan, Betty, Nancy, Sally and Nell, while three have succumbed to the predelection for two to one with the quaintly euphonious cognomens of Betty Jane, Polly Ann and Mary Ellen.

Age has withered and customs staled the infinite variety of floral names so that Lily, Rose, Pansy, Myrtle, Ivy, Fern, Violet, Mayblossom and Daisy are forced to smell as sweet by any other name if they would be fashionable.

Gems of thought for names, such as Pearl, Ruby, Opal, Jewel and Diamond have been put away into the jewel casket of discard and Faith, Hope, Charity, Joy, Delight, Patient, Constance, Prudence, are now found only in the family Bible—that is of course if you can find it.

In Inez Haynes Irwin's newest book "The Lady of Kingdoms," one of the Characters, whose rightful name is Eliza, smartly spells it backwards and thereby revels in the up-to-date handle of Azile.

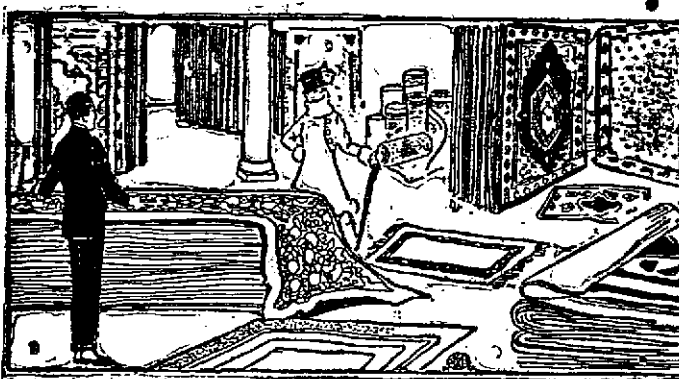

I know a fashionable woman who has successfully rung all the changes on her name through the different name periods from her infancy up to maturity. She has been successfully and fashionably Jane, Jennie, Janet and now is content to relapse again modishly to Jane.

It isn't a bit fashionable to bear a name even faintly suggestive of things Teutonic these days. That is why a paragraph in the day's news announces that Tracy Einstein, Dr. Schwartz, Albert Rosenfeld, and Aaron Brookheim have had their names changed respectively to Tracy Cullen, Dr. Blake, Albert Redfield and Andrew Brooks.

Naturally a pretty maiden doesn't yearn to have recourse to the law to have her last name changed. She prefers to let her fiancé do it with a wedding ring and white ribbons instead of a lawyers fee and red tape.

But when it comes to her first name, if some mis-guided parent has wished Annetta or Susanna, on her at birth, she can perform a little operation on a couple of syllables and emerge modishly, Ann or Sue, without the aid of a party of the second part.

HOME BEAUTIFIERS

With the advent of November, everyone begins to think more about how to make her home cozy and attractive for the winter months. Essentially "homey" is what she wishes to make it. Nothing will contribute more to this effect than the change brought about by new draperies and floorcoverings.

The curtain materials and over draperies are commendable for their taste and beauty of design and excellent quality. Only an inspection can reveal the scope of the stocks—the endless possibilities for home adornment which these fabrics possess. Quality considered, the prices are very reasonable. Some of the materials are fine filet nets, imported Scotch grenadines, Saxony nets, cretons, voiles, marquisesettes, and wonderful combinations of colors in madras, in tapestry and conventional designs.

Floorcoverings in every conceivable shape, color and size in exceptionally large variety are offered here for your approval. Whatever you wish in this line, you will be doing yourself an injustice to purchase without seeing our immense showing. Rugs in all sizes and qualities, axminster, velvet and tapestry carpets, and linoleums—roll after roll of them. "Victor" hand made window shades are sold by this store exclusively.

Save money by buying carpets, rugs and draperies here.

CAMPAIGN FIGHT BITTER IN INDIANA

Many Cities Taking Part in the Municipal Elections Throughout The State

FT. WAYNE DRAWS INTEREST

Socialists Are Expected to Take an Extensive Part—Strength Is Weak

(By United Press.)

Indianapolis, Nov. 6.—Municipal elections occupied the attention of Hoosier voters today.

Bitter campaigns have been waged in many cities and the result is being watched with interest.

In Indianapolis, Charles Jewett, republican, Dick Miller, democrat, Lew Shank, independent were all claiming victory. A strong speaking campaign was made by the three men and their followers. All made a special plea for the colored vote.

The Ft. Wayne fight has been hot, attracting state-wide attention. Maurice M. Neizer, democrat and W. S. Cuthrell, republican, are the candidates.

At Marion, the wet and dry issue was injected into the campaign. Elkanah Hulley, republican and Wilbur Williams being the candidates. The reform issue is also uppermost at Muncie where Dr. Rollin O. Bunch, democrat is opposed by Charles O. Grafton, republican.

In Lake county the center of the fight is in Gary where Mayor R. O. Johnson who was defeated for the nomination, is running against Wm. P. Hodges, republican nominee and J. J. Curtis, democrat. V. J. Smalley, has a clear field at Hammond.

James M. Gosson, mayor of Terre Haute, democrat, is a candidate for re-election and is opposed by Chas. H. Hunter, republican. Cleanup advocates are backing Hunter.

Mayor James House, Vincennes, is opposed for re-election by Dr. James R. McDowell, a democrat. The campaign has been exceptionally warm.

The fight at Evansville, usually democratic, has been between Mayor Benjamin Bosse and A. R. Messick, republican.

Newcastle voters had to choose between George A. Elliott, republican, publisher of the Newcastle Courier and leading business man of the city, and Horace G. Yergin, democrat.

Socialists were expected to figure in the elections to a considerable extent at Marion, Terre Haute and Indianapolis, but it was doubted if they would show enough strength to elect their man at any of the places.

FT. WAYNE BOY LOST

(By United Press.)

Washington, November 6.—At least three sailors were killed when the picket boat, Michigan was lost. From all indications the small boat capsized. Failure to find any of the crew indicates they were all drowned. Joseph J. Schultz of Ft. Wayne was among the drowned.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

INDIANA TO PLEDGE 5200 MEMBERS

Boys Will Earn Ten Dollars Through Their Own Efforts and Contribute It

MARTS IS STATE ORGANIZER

Money to Be Used in The War Work for Americans Enlisted Men in the Army and Navy

Indianapolis, Ind., Nov. 6.—Indiana is to have 5,200 boys as members of the "First Hundred Thousand," a patriotic organization for boys only, who will pledge themselves to earn \$10 through their own efforts and contribute it to the million dollar War Work fund to be raised in the state for the enlisted men of the army and navy.

The First Hundred Thousand organization commemorates the gallantry and bravery of the "conquitable British army," which early in the war, threw itself into the breach and saved the French army from annihilation by the Germans, thus saving Paris and the world from the Hun.

A meeting to crystallize this sentiment into an actual organization in Indiana, was held at the auditorium of the Y. M. C. A. It was attended by representatives from nineteen Y. M. C. A. districts in Indiana. A. C. Marts of Pittsburgh is organizing the state.

"I've just received word from New York City," said Mr. Marts today, "that the First Hundred Thousand movement is sweeping the east like wild fire. It has an appeal in it that arouses not only the boy but the adult as well, although the organization will be made up of boys exclusively." When the average boy is made to realize how the 100,000 men of the British army withstood the assaults of the invading Germans, "on their way to Paris, they become enthusiastically patriotic."

According to the plan outlined by Mr. Marts at the meeting each Y. M. C. A. district in the state will supply its pro rata quota of boys for Indiana representation. Each member of the First Hundred Thousand will earn \$10 by his own efforts and not by soliciting money.

The organization will prepare a certificate containing ten coupons of \$1 each. As a member earns a dollar and pays it in, he will be given a coupon. When the ten coupons are redeemed, the boy will receive an engraved parchment, showing his devotion to duty in the same way that the British soldiers devoted themselves to duty in stopping the invading Germans. The certificate will be signed by John H. Mott, of New York and by the state chairman.

According to the records \$1,000,000 to be raised by the boys will be the largest sum ever attempted by any boys' organization in the United States. Every penny of the contributions will be used in the war work for the enlisted men of the United States army and navy.

"We wish the boys of this organization to emulate the sacrifice and devotion of that army of 100,000," said Mr. Marts. "Therefore, the harder the money comes to the enlisted boy the better it will be for the boy and for this fund. That hundred thousand army saved this world—this hundred thousand army of boys will help give comfort to the men on the ships and in the trenches."

The active work in the campaign will begin Monday when the various districts will complete their organizations, after having submitted the names of boys who will represent each district. Mass meetings will be held over the state next week to start the boys. The campaign committee will supply suggestions to the boys as to the best way to earn the \$10 as their part of the contribution.

The boy's work is supplementary to the campaign being put on by the Y. M. C. A. for Indiana for the soldiers and sailors.

WILL CONFER COUNCIL DEGREE

Rushville Council No. 41 R. & S. M. will confer the council degree on a class of candidates immediately following the Knight Templar meeting Wednesday evening. Refreshments will be served.

tack. They charge in a powerful rush. The American troops had fatal criticism: that they just entered this particular bit of trench. They fought like wildcats until literally smothered in the weight of the superior attacking forces. Then the Germans hurried back to their own lines, dragging their dead and wounded with them together with their American prisoners.

A young reserve lieutenant with the detachment attacked was puzzled immediately after he brought his men into the trench by sudden acceleration of artillery fire. He decided to consult his superior officers

and started carefully weaving his way back. He struck the German barrage. It knocked him flat but he recovered and a second time tried to press along. Again he was flung down by exploding shells and for the third time he dauntlessly went on. Then he was completely "knocked out" by a narrow shave from a high explosive shell. After the German raiders had returned to their lines, the lieutenant was found unconscious. He was revived later and told his story. He was in the base hospital recovering from shell shock.

"The shelling began darn suddenly," said one of the wounded Americans today. "A few minutes later I turned around and saw a big German standing in the trench beside me. The next thing I knew he shot me—bang!"

The whole American army in France realizing that the first American casualties were those of an ordinary trench raid, nevertheless was boiling with impatience to get revenge on the Boches.

The American dead will be buried with military honors in a little American cemetery near the camp.

Rheumatics
Are Satisfied

Satisfied That "Neutrone Prescription 99" Does All That is Claimed For It

They have used "Neutrone Prescription 99" for all forms of Rheumatism and Neuralgia, they frankly tell how it has proven its quick and lasting benefit.

The words of praise from Newburgh's relieved Rheumatic sufferers will prove to many a crippled sufferer a welcome message pointing the way to quick and permanent relief.

What is more convincing than home testimony?

"Neutrone Prescription 99" from its remarkable success has sprung into almost instant popularity: "It produces results."

Get a 50c or \$1.00 bottle today, you will be surprised at the improvement even in a short time. Mail orders filled on \$1.00 size.

Amusements

The Princess offers an unusually good picture tonight. Pauline Frederick, a favorite movie actress appears in a classy drama entitled "Sleeping Fires." The picture is an extremely interesting one and holds your interest from the very start. Tomorrow in addition to Pathe news, Francis Nelson appears in "One of Many." This is a story of a young girl, who sacrificed herself for her mother.

An eight and one-quarter pound girl was born to the wife of Roy Waggener Saturday night. She has been named Nancy Jane.

NO ARTICLES FOUND
TO CONTAIN POISON

Although Countless Ones Are Examined on Suspicion, None Has Been Discovered in State.

COURT PLASTER A DEFENDER

U. S. Public Health Service Finds None of it is Purposely Contaminated With Tetanus.

(By United Press.)

Indianapolis, Nov. 6.—H. E. Barnard, state food and drug commissioner, said today that in spite of the fact that countless articles have been brought to his department for inspection, on suspicion of containing poison, no case has yet been found where evidence pointed to intentional poisoning. Court plaster seems to be the main defender, according to Barnard. He said:

"Every health office has been besieged by anxious purchasers of court plaster who reading the stories published concerning the work of enemies of our country fear that they too are perhaps the subjects of poison plots. Many samples of court plaster and all other common articles, such as, the paper discs used in sealing jelly tumblers have been submitted to me for analysis with the story that they were distributed by peddlers, or sold at a low price by agents who seem to be more interested in getting rid of them than in making money by their sale. We have found several samples to be contaminated by bacteria, usually of a common and harmless form, but in no case have we ever secured any evidence of intentional desire to poison or infect the user."

"The United States Public Health Service has recently examined many samples of courtplaster. These samples were either sent to laboratories at Washington by state health officials or purchased at local pharmacies. Two of the fourteen specimens examined showed the presence of the tetanus organism, and yet the experts who made the analysis, and they are the men whom the government charges with the care of the public health says, we have no evidence whatever that any specimen was examined was deliberately contaminated. It is evidently from this report and from the reports of other laboratories that courtplaster distributed as prizes with purchases is often a source of danger rather than a protection. As a matter of fact the practice of using court plaster to seal slight wounds is often unsatisfactory. Many wounds, in fact, most cuts, and slight infections, heal more readily when left open than when tightly closed. In general, it is good advice to say that court plaster has no place in the family medicine chest. And this was just as true before the war threw us into a frenzy of fear that agents were deliberately spreading infection among us, as it is today."

SEGREGATION LAW
IS HELD TO BE VOID

Supreme Court Decides Louisville, Ky., Has Not Right to Put Negroes to Themselves

OTHER CITIES ARE AFFECTED

(By United Press.)

Washington, Nov. 6.—The supreme court has declared unconstitutional the Louisville, Ky., ordinance which sought to segregate whites and negroes into different districts. Similar ordinances in other cities are affected.

The court held that the ordinance was invalid because it was a violation of the rights of a certain class of citizens.

"There exists a serious situation which, however, the law is powerless to remedy," said the court.

RECEIVES COMMISSION

Samuel L. Traub, county fuel administrator today received his commission from the federal fuel administrator for Indiana, Evans Woollen. Mr. Traub has been acting as county fuel head for several days, however, pending receipt of the commission.

CLERKS ENJOY
BIG WAR WAGES

Loss of Clerks in Government Employe at Capital Makes Demand For Men

FIRST RAISE IN SALARIES

Before the War Washington Offered Low Wages But Times Have Changed

(By United Press.)

Washington, Nov. 6.—A merry war is on among government department heads for labor. So flagrant has become the rival bidding for employees to man the many new bureaus that the puzzled executives are making aggrieved protests to Congress.

The government clerks, some of whom haven't had a raise in pay since Polk's administration, are feeling a bit of war prosperity.

"They are fairly robbing me!" declared Secretary Redfield, referring to the new shipping board. He said they were taking all his experts who have done their experting heretofore for \$1,600 a year, and starting them out at from \$3,200 to \$4,000. His commerce department was being ruinously disorganized.

Stricter rules are in force against transfers of civil service employees from one department to another. But the men simply quit, and soon get another job with another department head who rarely proves particularly inquisitive as to their past if they can do the work.

Before the war, Washington was strictly a low-wage town. Congressmen found more votes were gained by spending appropriations in their districts back home than in raising Clerk Bill Jones' pay from \$360 to \$630 a year.

M. E. SUNDAY SCHOOL
OUTLINES ITS AIMS

Board Sets Mark for Enrollment, Attendance and Pledges Between Now and Easter

RALLY WEEK IS OBSERVED

At the meeting of the board of the St. Paul's M. E. Sunday school last evening held at the Methodist church the aim to be accomplished between Rally day, which is to be held next Sunday, and Easter was set for enrollment, attendance and pledges. Plans were made with which the teachers would work together for this end. There was a good attendance and a number of matters of interest to the school were discussed. The head of each department gave a summary of the class meetings of that department to be held on Friday, the day set for class meetings, and the part the department would take in the Rally Day program next Sunday. The next meeting of the teachers and board will be held Tuesday, November 27, at the home of Mrs. George Hogsett in North Main street.

The program for the week will be continued tomorrow evening with a reception honoring the Rev. and Mrs. Clyde S. Black at the church. The Sunday school prayer meeting to be held on Thursday evening will have an interesting program with special music and talks. A large attendance is urged of all of those who attend Sunday school, as well as the delegates from each class.

English—The Marango Observer has been purchased by C. A. Frakee, pastor of the Christian church at Marengo.

Save Your Cash and Your Health

HILL'S CASCARA QUININE

The standard cold cure for 20 years—in tablet form—safe, sure, no opiates—takes cold in 24 hours—cures in 48 hours. Money back if it fails. Get your genuine box with Red-top and Hill's picture on it. Costs less, gives more, and cures. 24 Tablets for 25c. At Any Drug Store.

NEW CHEMICAL TRUCK USED

Fire is Extinguished Quickly at Home of Charles Glover

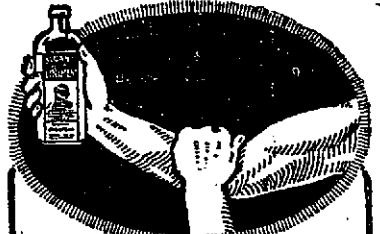

Another fire occurred at the home of Charles Glover at 820 West 2nd Street this morning about nine o'clock, though not as extensive as the one week ago last Friday. The blaze started in a defective flue and the fire was confined to a space between the ceiling and roof. The damage was slight for the fire department arrived and put out the blaze almost instantly. The new chemical truck was used for the first time in extinguishing a blaze.

JONES IS ACCEPTED

Horace Jones, who failed to report for physical examination in August when ordered to appear by the Rush county army selection board, has been examined by Dr. W. S. Coleman, physician member of the board, and passed. He will be sent to Camp Taylor, Ky., with the next increment from Rush county. Jones was recently detained at Bellefontaine, O., on instructions from

the board and then ordered to report here.

Seymour—A government sewing station may be established by the women of this city here.

Ah! That's the Spot
